DEDICATION

We, the Hornet Staff, wish to express our sincere gratitude to all the teachers of Sudan High School who have helped make this one of the best years in the history of this school.

We hope all of you have enjoyed this school year as much as the entire student body. We can only hope that the coming years shall be as profitable to both students and teachers as we feel this one has been. So, we dedicate this, the 1957-58 Hornet, to the teachers of Sudan High School who so worthily deserve this honor.

ADMINISTRATION

To the Students and Faculty:

It is with all sincerity and a feeling of great pride in the work that you have accomplished that I extend to you my sincere thanks for your fine spirit of loyalty and cooperation. This loyalty and cooperation has made for us a most profitable school year.

To the Student Council and Hornet Staff: Congratulation! for a job well done on this the fourteenth edition of the "Hornet." You accepted a great responsibility and you met that responsibility in the true Hornet Fashion.

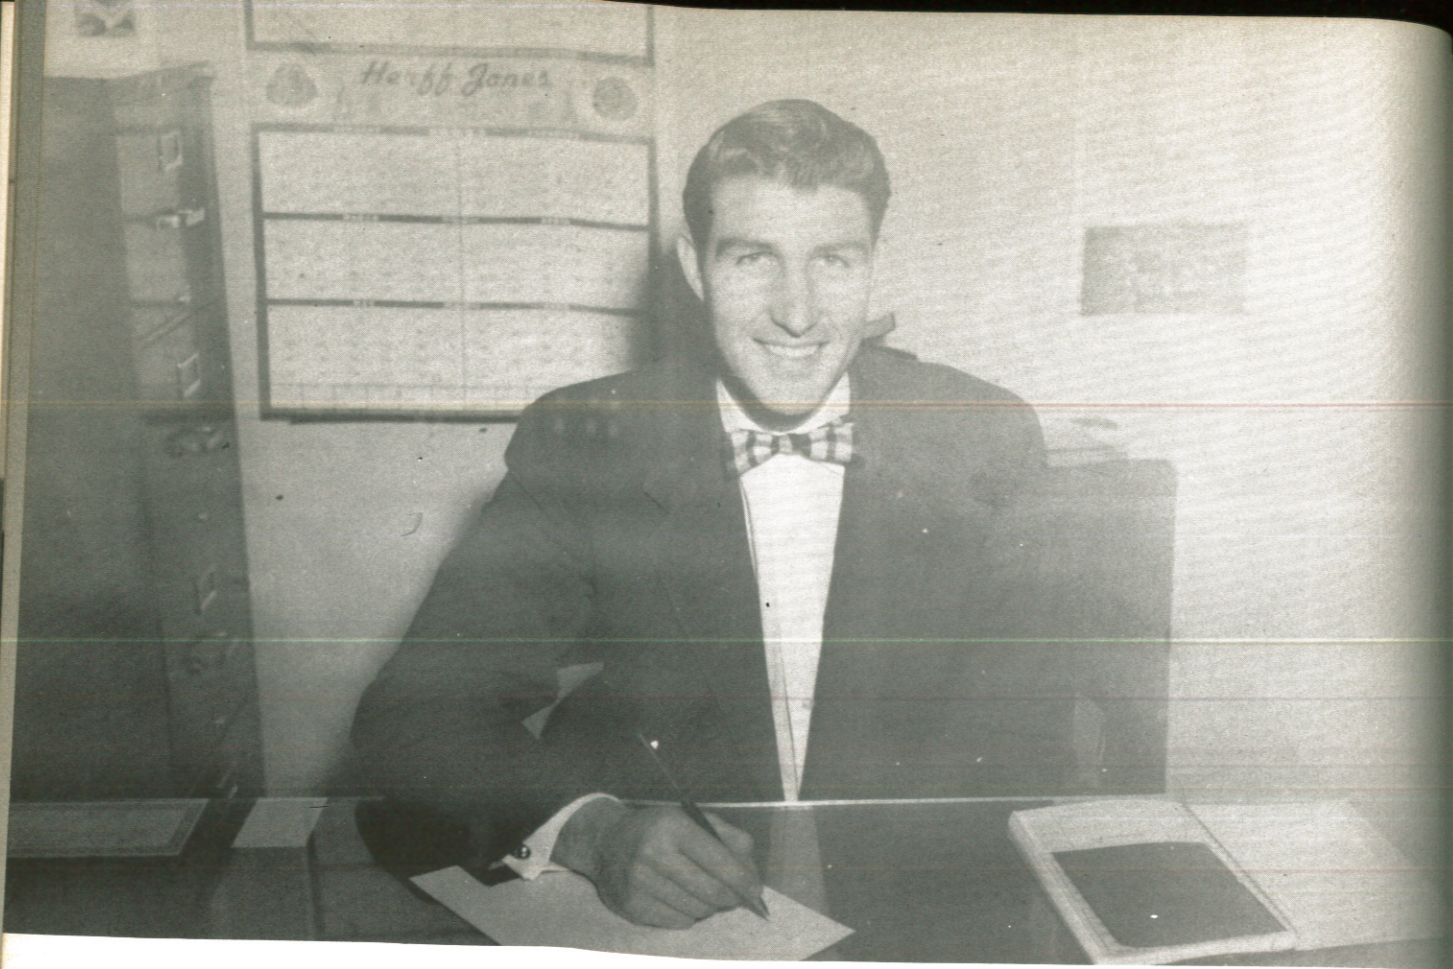

In conclusion, may I challenge you to live a four-fold life. You have not one but four lives to live. A four-fold opportunity awaits each of us to grow in body, in brain, in heart, and in soul. These are our living tools. St. Luke gives us a peep into the four-fold development of the greatest success of all time: "And Jesus increased in wisdom and stature and in favor with God and man." (Luke 2:52) Life cannot be complete unless we develop in growth, in knowledge in love for God and Man.

C. O. Gregory

Sincerely,

Robert

Don

The time has come once again to say "a job well done" to the members of the Hornet Staff and to the student body of Sudan High School. The success enjoyed in this school year has been due to the fine spirit of co-operation that has been shown by each of you.

Most of us have gained a great insight to the value of knowledge and understanding. Through this medium of learning, we have shown an improvement in spirit within the bounds of our school.

Also, a sense of accomplishment has been made known through this building of a better and larger foundation for living. Continued growth in these veins leads only to higher goals and rich returns.

Respectfully yours,

Odell Wilkes

ELEMENTARY PRINCIPAL'S MESSAGE

My wish for you - students of the Sudan schools - is that you will have a more enjoyable and worthwhile life as a result of your 1957-58 school year. I know that you will never forget your classmates and teachers of this year, and I wish for you many happy years ahead.

My association with the students, faculty, and other workers of the Sudan school system has been a pleasure.

Sincerely,

B. M. Wilson
