FOREWORD

Each of us alone may not accomplish much, but when we all work together we form a successful school year, just as this one has been. This has been a special year and that is why we, the HORNET staff, have strived to make this a special "1958-59 HORNET." Our deepest wish is that all the years at SHS may be as special as this one has been.

THEME

The theme of the 59 HORNET is TREES. We hope that our students, like great trees, have established deep roots of scholarship and character and that the reflection of their training at Sudan High School will guide them to great things.

And you say that you don't normally see these ...er ...students ...around school? Ridiculous! They're merely normal, happy, and care-free young journalists rejoicing at the completion of another yearbook ...your 1959 HORNET. You have a complaint to make? Due to circumstances beyond control, please address all complaints to Ye Olde Nut House. Salem 3, Oregon. Deceased members may be found under tombstones with epitaphs saying, "WE HATE YEARBOOKS!"

Dear Faculty and Students:

I am grateful for the opportunity to express my sincere appreciation for your splended loyalty and cooperation which has made this 1958-59 school year a most profitable one. Its success has been made possible by the faculty, students and patrons.

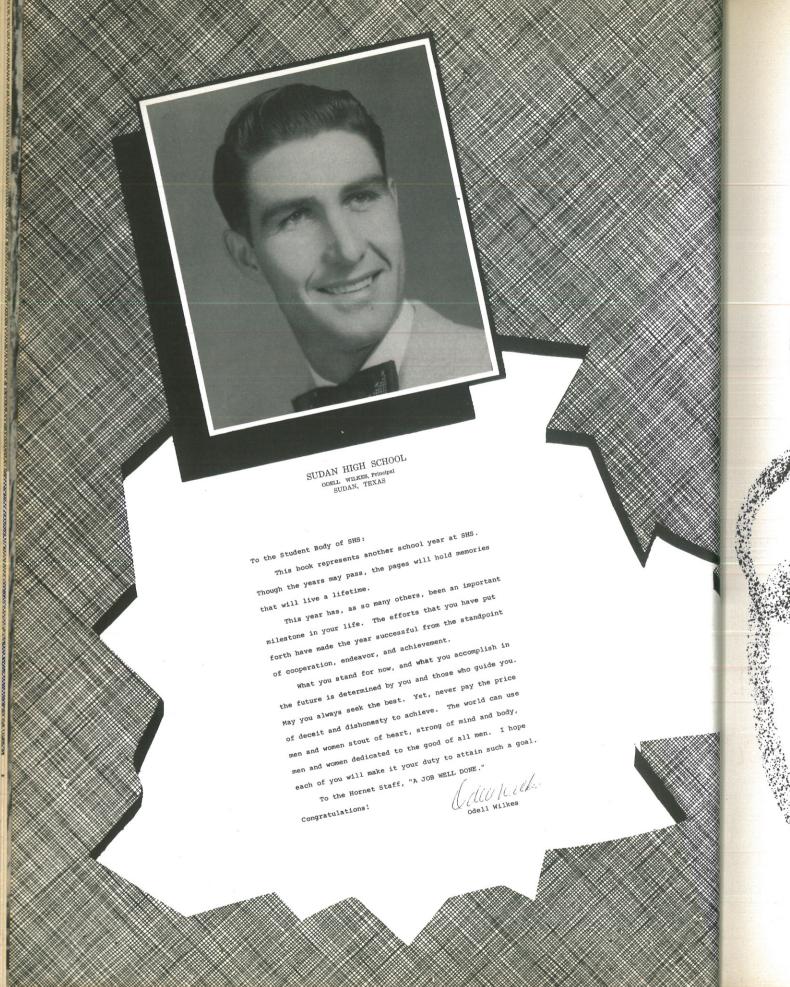

To the 1959 Hornet Staff I extend congratulations for a magnificent edition of the Hornet. We are proud of you. May we say thanks for a job well done not only in this annual, but your leadership.

In conclusion I wish each and everyone of you happiness and success. May I charge you to be ever observing in the field of education. When you begin a task never leave it until you know it is well done. You are a success or failure owing to the way you stick to a task. Great joys and happiness come from a knowledge of something well done.

Sincerely,

(a) Lugary

C. O. Gregory, Superintendent

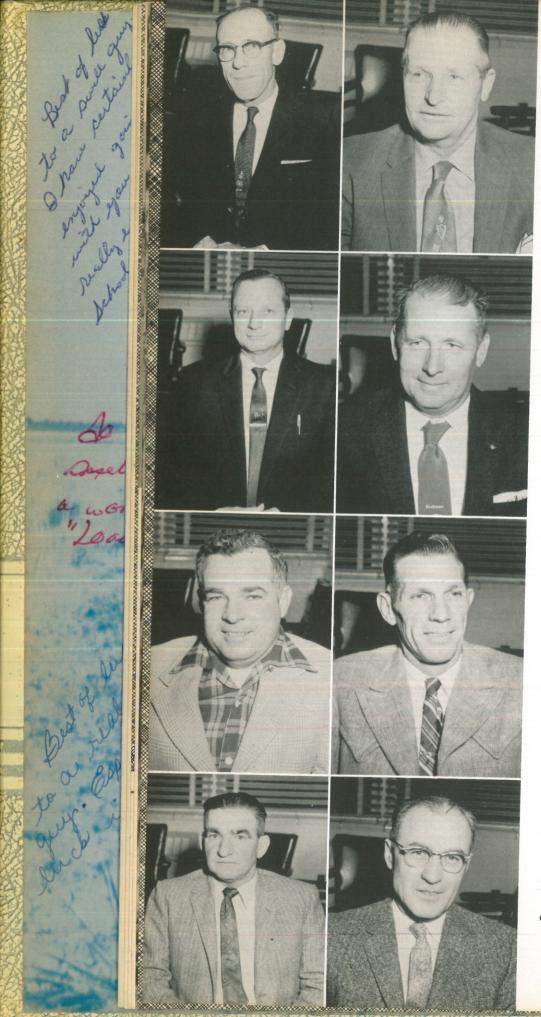

It is with pleasure that I congratulate you upon the successful completion of another school year. Your cooperative spirit as you worked together to perfect this 1959 HORNET is commendable.

My wish for you is that you will continue to cultivate your spirit of determination and seek knowledge and wisdom in order that you may reach whatever worth-while goal that you have established for yourself.

May S.H.S. always have a place in your fondest memories.
