Foreword

Certainly, the best years anywhere are the years that are ours. No one knows the reason for their greatness, except perhaps that we were a part of them. Anyone on the outside looking on could tell us that those times were not quite as magnificent as we say they were. We probably will not hear but will keep talking in that "the-year-I-was" tone of voice. And as the ranks of the younger generation begin to outnumber the elder generation for us, our years will grow only more wonderful in our tiring eyes. It will be in remembering the triumphs of those years, real and imagined, when we recall how ...

. . . That Was the Year That Was.

That Year . . .

No one was in a hurry
to get to class . . .

Noon hours were
short . . .

We were proud to be Seniors . . .

Lunchroom ladies
prepared for THOSE
students . . .

Sudan Hornets played for
Bi-District . . .

Those expressions brought
results . . .

We sneakingly decorated the halls . . .

Honors were given
for accomplishments
made . . .

Our faculty played basketball . . .

Everyone enjoyed classes . . .
Everyone was supporting 100% . . .

We all left, but not empty handed.
We have another year's memories.

The Hornets had a good season . . .

To Mr. W. E. Hancock, Superintendent of Sudan Schools, the Annual Staff proudly dedicates the 1968 Hornet. Of the thirty-eight years Mr. Hancock has served as administrator in Texas schools, the last eight have been at Sudan. While Mr. Hancock's duties are administrative in nature, he still finds time to acquaint himself with the students. One is likely to see him "pinch-hitting" for a janitor or substituting for a math teacher in addition to his other work. Those students who have taken advantage of opportunities to know Mr. Hancock consider him a friend, and those who have had the privilege of sitting in one of his math classes are liberal in their praise of him as a teacher. We appreciate the fact that he has devoted much time to improving Sudan schools, and we salute him as an administrator who is truly dedicated to the teaching profession.

We Salute Mr. Hancock . . .

Mr. Hancock, with the High School and Elementary Principals, is making decisions on administrative matters.

Mr. Hancock can be seen performing this task nearly any morning by anyone who would dare be in the halls.

Here again we see Mr. Hancock "keeping the gate" at the basketball games.

Our versatile Mr. Hancock even takes the time to participate in the Senior-Faculty Basketball game.

Mr. Kenneth Noles

Mr. Kenneth Noles has served two years as principal of our high school. During this time he has won the high respect and admiration of the student body. Mr. Noles holds a Bachelor of Arts Degree and a Master of Arts Degree from Texas Technological College. We appreciate the interest he shows in each student of Sudan High. No matter what our problems may be, the twinkle in Mr. Noles' eyes helps us to find some humor in the situation.

They are plotting and planning together to take us by surprise.

Principal of Sudan Elementary School

Mr. Bernard Wilson

Mr. Bernard Wilson is a veteran in our school, having served seventeen years as Elementary Principal. Naturally he is well known to the grade school students, and often high school students recall the days when they "talked a little more quietly because Mr. Wilson might be near." He has always displayed a deep interest in the students of Sudan schools. Mr. Wilson holds a Bachelor of Science Degree and Master of Education Degree from West Texas University.

Mrs. Tollett has worked diligently with the Maxine Nichols FTA Chapter. Also again this year she accompanied those attending the State Convention in Dallas.

Pictured here are some of the members of our FTA at a salad supper which served as a get acquainted party to begin the year's activities.

FHA Officers seem to be interested in something but we wouldn't say for sure what it is.

S.H.S. Pep Club

Here, during the pep rally preceding the quarter-final game, cheerleaders led the entire student body in backing the Regional Champs.

Once Upon a Typical Friday . . .

Every loyal Hornet met to boost the spirit toward victory.

The CHAMPS felt mixed feelings of happiness and pride as they entered.

The Pep Club and all the student body shared these mixed feelings.

Coach Cain expressed his feeling to the team and student body.

The school song was sung, which added feelings of loyalty and determination.

They eagerly saw that the team received an appropriate farewell.

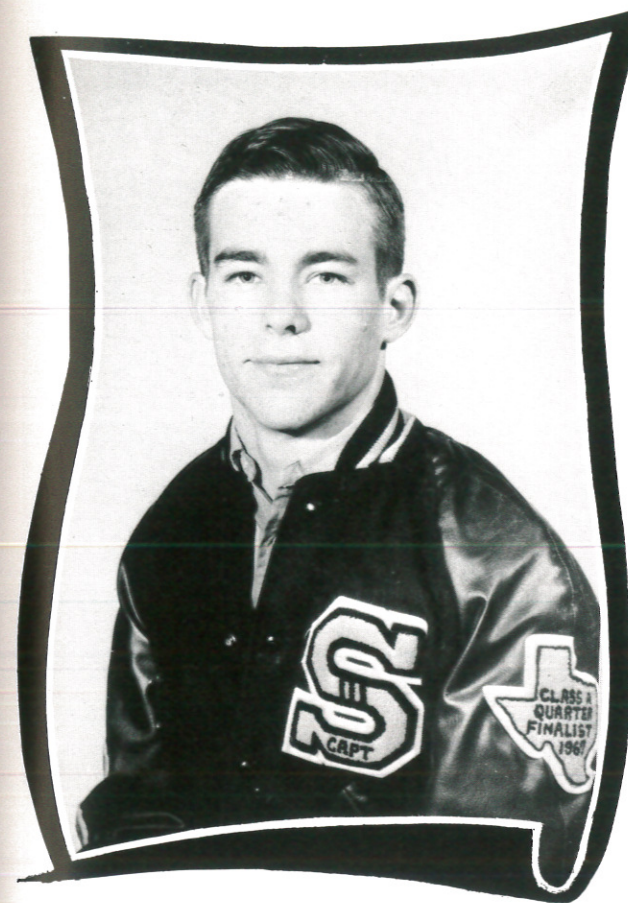

LATER--Everyone was very much excited and each looked forward with great anticipation to another TYPICAL FRIDAY.

The Pep King of '68

Ronnie Hill,

a senior Football Captain, played quarterback for the 1968 Regional Champs. Ronnie made All-District, All South Plains Dream Team, and Honorable Mention in the Ft. Worth Star-Telegram. He was on the Second Team of the Panhandle Super-Grid Team and also on the Second Team of the All-State Team. Ronnie was an active member of Basketball, Track, and Tennis. Because of Ronnie's ability and success in all of the school's sports, the Pep Club, in popular election, chose Ronnie as the PEP KING OF '68.

Billy Ford

Larry Hanna

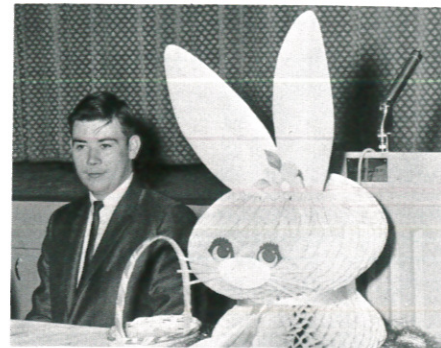

Steve Edwards

Also capable of great success and awards in future sports activities are the candidates for Pep King. They are Billy Ford, a Junior; Larry Hanna, a Sophomore; and Steve Edwards, a Freshman.
