September 20, 2017

Sudan Independent School District received our 2017 State Accountability Ratings and Distinctions where both campuses received a rating of Met Standard, along with several Distinction Designations. As the required standards for students have steadily increased, both the Sudan Elementary and High School campuses have continued impressive gains on the performance index reports related to student success.

Sudan Elementary earned 3 Distinction Designations in the areas of Academic Achievement in Mathematics, Postsecondary Readiness, and Top 25% Student Progress. These distinctions are given to the top 25% of schools in our Campus Comparison Group, which are school groupings that compare similar schools in respect to size and demographics. Sudan Elementary also received perfect indicators on System Safeguards which is tied to performance and participation rates of students on the state testing system.

Sudan High School earned 6 of the 7 Distinction Designations. Included in these 6 Distinctions, was a Distinction Designation in all four academic disciplines which include English Language Arts/Reading, Mathematics, Science, and Social Studies. The additional 2 Distinctions were earned in Top 25% Student Progress, and Postsecondary Readiness. Sudan High School students earned their way into the top 25% of their Campus Comparison Group in 6 of the 7 Distinction categories, along with perfect results in the System Safeguards which relate to student performance, student participation rates, and graduation rates.

Additionally, Sudan ISD was one of only 51 districts in the state, out of approximately 1,270 districts statewide, to earn the postsecondary readiness distinction. The postsecondary readiness distinction takes into account factors such as graduation rates, ACT/SAT participation and performance, Career and Technical Education (CTE) graduates, and dual-credit course completion rates.

The administration and staff at Sudan ISD are extremely pleased with the exciting things happening with the campuses and students at Sudan Schools and wish to commend our parents, students, and staff on their hard work.
