# +- 2007-08 State and LEA NCLB Report Card Data for Distribution by LEAs by March 30, 2009

The **State NCLB Report Card for 2007-2008** is now available at the following link:
   http://ritter.tea.state.tx.us/nclb/PDF/2007-08StRepCrd.pdf.

The **student assessment data**, disaggregated by the required student groups, are available at:
 http://k12testing.tx.ncspearson.com/AssessmentResults/

1. At the opening screen, select either "Texas Statewide Results" or the ESC region of the state where the LEA is located.
2. From the dropdown menus, select the LEA and/or campus, school year of test results, and report requested.
3. For consistency, the LEA may choose the April TAKS 3-10 and Exit Level (English and Spanish) report for each campus.

## Participation Data, Graduation Rates, and Adequate Yearly Progress

The LEA and campus-level data are available at:
 http://www.tea.state.tx.us/ayp/2008/district.srch.html

1. At the opening screen, on item number 1 select either Report for the District only to access the LEA-level report or Reports for all campuses within a selected district to access campus-level reports.
2. On item number 2, select the option indicating how to search for the LEA.
3. On item number 3, enter the appropriate name or number-corresponding to the search option chosen in item 2 above.
4. Click on the "Continue" button to search for the results.

LEA **highly qualified data** are available at:
 http://burleson.tea.state.tx.us/ReportInterface/

1. Select the Report Year.
2. 2. In the "Select Report" category, click on the "NCLB Highly Qualified Teacher Reports".

3. At the next screen, select the "Additional Parameters" options to select the state, district, or campus reports of your choice.
4. After selecting parameters in each window, click on the "Generate Report" button at the bottom of the page.
