

It is the policy of the Sudan Independent School District not to discriminate on the basis of race, religion, color, national origin, gender, sex, or disability in providing education services, activities, and programs, including vocational programs, in accordance with Title VI of the Civil Rights Act of 1964, as amended; Title IX of the Educational Amendments of 1972; and Section 504 of the Rehabilitation Act of 1973, as amended.

Sudan ISD will take steps to assure that lack of English language skills will not be a barrier to admission and participation in all educational and vocational programs.

Any questions pertaining to Section 504 or Title IX proceedings should be directed to:

Bo Lance, Superintendent of Schools  
P.O. Box 249  
Sudan, Texas 79371  
Phone: 806-227-2431 ext. 111

Other designated staffs you may need to contact include:

Kayela Harrell 806-227-2431 ext. 114  
Liaison for Homeless Children and Youths, who coordinates services for homeless students

DeAnn Wilson 806-227-2431 ext. 123  
Parent Involvement Coordinator, who works with parents of students participating in Title I programs.

## **PREFACE**

The purpose of this handbook is to acquaint students, parents, and teachers with the curriculum, activities, regulations and practices of Sudan Elementary School. Students and parents also need to be familiar with the Sudan ISD Student Code of Conduct, which sets out the consequences for inappropriate behavior. The Student Code of Conduct is required by state law, and is intended to promote school safety and an atmosphere for learning. This document will be a separate document sent home to parents,

posted in the elementary library and on the school website at <http://www.sudanisd.net>

The Student Handbook is a general reference guide only and is designed to be in harmony with Board policy and the Student Code of Conduct. Please be aware that it is not a complete statement of all policies, procedures, or rules that may be applicable in a given circumstance. In case of conflict between board policy (including the Student Code of Conduct) and any provisions of the Student Handbook, the current provisions of board policy and the Student Code of Conduct are to be followed.

Also, please be aware that the handbook is updated yearly, while policy adoption and revision may occur throughout the year. Changes in policy or other rules that affect Student Handbook provisions will be made available to students and parents through newsletters or other communications. The district reserves the right to modify provisions of the Student Handbook at any time, whenever it is deemed necessary. Notice of any revision or modification will be given as is reasonably practical under the circumstances.

Although the Student Handbook may refer to rights established through law or district policy, the Student Handbook does not create any additional rights for students and parents. It does not, nor is it intended to, create contractual or legal rights between any student or parent and the district.

We have attempted to make the language as straightforward as possible, however, please be aware that the term “the student’s parent” is used to refer to the parent, legal guardian, or other person who has agreed to assume school-related responsibility for a student.

Both students and parents also need to be familiar with the Sudan ISD Student Code of conduct, required by state law and intended to promote school safety and an atmosphere for learning. That is a separate document sent home to parents. We strongly recommend that you review the entire handbook with your child and keep it as a reference during this school year. Please note that references to alphabetical policy codes are included so that parents can refer to current policy. A copy of the District’s policy manual is available in the school office or online at <http://www.tasb.org/policy/pol/private/140908/>

## **THE AMERICAN CREED**

I Believe in the United States of America as a government of the people; whose just powers are derived from the consent of the governed; a democracy in a republic; a sovereign nation of many sovereign states; of freedom, equality, justice, and humanity for which American patriots sacrificed their lives and fortunes. I therefore believe it is my duty to my country to love it; to support its Constitution; to obey its laws; to respect its flag, and defend it against all enemies.

## **PLEDGE OF ALLEGIANCE TO THE FLAG**

I pledge allegiance to the flag of the United States of America and to the Republic for which it stands - one nation under God, indivisible with liberty and justice for all.

## **PLEDGE OF ALLEGIANCE TO THE TEXAS FLAG**

Honor the Texas Flag. I pledge allegiance to thee, Texas, one state under God, one and indivisible.

## **THE “HORNET”**

The “Hornet” is described as a large wasp, which has a severe and powerful sting. They are social insects, building nests of paper like pulp. Their thick bodies are usually black or brown, marked with brilliant white or yellow, which has earned for some of them the name of “yellow jackets”. If their nests are attacked, they show a disposition so irritable and wield a sting so painful that they fully justify the common expression “as mad as a hornet”. If left alone however, they are interesting and industrious workers.

## **SCHOOL SONG**

Oh, Sudan High, we give to you our praise;  
Our goal to be, add honor to your name.  
If we win or lose we will ever choose,  
And our motto we’ll proclaim,  
For the black and gold, may our strength unfold,

And truth shall be our highest aim.  
Through work or play, we pledge this day,  
Forever stand behind the black and gold,  
Forever stand behind the black and gold.

## **TO PARENTS: PARENTAL RIGHTS AND RESPONSIBILITIES**

This handbook has been written to provide an explanation to all elementary school students and their parents of what is expected of them, their rights, and responsibilities. Parents are encouraged to share and discuss the handbook with their children.

Sudan ISD believes that the best educational result for each student occurs when all three partners are doing their best: the District staff, the student's parent, and the student. Such a partnership requires trust and much communication between home and school. To strengthen this partnership, every parent is urged to:

- \* Encourage his or her child to put a high priority on education and commit to making the most of the educational opportunities the school provides.
- \* Review the information in the student handbook and the Student Code of Conduct with his or her child and sign and return the required acknowledgment forms so that we may have a record of your choices. A parent with questions is encouraged to contact the principal.
- \* Become familiar with all of the child's school activities and with the academic programs offered in the District. Monitor the child's academic progress and contact teachers as needed.
- \* Ensure that your child completes all homework assignments and special projects and comes to school each day prepared, rested, and ready to learn.
- \* Attend scheduled conferences and request additional conferences as needed.
- \* Becoming a school volunteer. [For further information, see policy GKG and contact your child's teacher

- \* Participate in SPIN meetings, parent/teacher conferences, and any other information meetings.
- \* Offering to serve as a parent representative on the District-level or campus-level planning committees, assisting in the development of educational goals and plans to improve student achievement. [For further information, see policies at BQA and BQB, and/or contact DeAnn Wilson at 227-2431]
- \* Offer to serve on the School Health Advisory Council, assisting the District in ensuring local community values are reflected in health education instruction. [See policies BDF and EHAA]
- \* Being aware of the school's ongoing bullying and harassment prevention efforts.
- \* Attend Board meetings to learn more about District operations. [See policies BE and BED for more information.]
- \* Review the child's student records when needed. A parent may review (1) attendance records, (2) test scores, (3) grades, (4) disciplinary records, (5) counseling records, (6) psychological records, (7) applications for admission (8) health and immunization information, (9) other medical records, (10) teacher and counselor evaluations, (11) reports of behavioral patterns, and (12) state assessment instruments that have been administered to his or her child.

Your child will not be required to participate without parental consent in any survey, analysis, or evaluation--funded in whole or in part by the Department of Education--that concerns (1) political affiliations or beliefs of the student or the student's parent (2) mental or psychological problems of the student or student's family, (3) sexual behavior or attitudes, (4) illegal, antisocial, self-incriminating, or demeaning behavior, (5) critical appraisals of individuals with whom the student has a close family relationship, (6) relationships privileged under law, such as relationships with lawyers,

physicians, and ministers, (7) religious practices, affiliations, or beliefs of the student or parents, and (8) income, except when the information is required by law and will be used to determine the student's eligibility to participate in a special program or to receive financial assistance under such a program.

You will be able to inspect the survey or other instrument and any instructional materials used in connection with such a survey, analysis, or evaluation. [For further information see Policy EF(LEGAL)]

As a parent, you also have a right to receive notice of and deny permission for your child's participation in:

- \* Any survey, not funded by the Department of Education, concerning the private information listed above or school activities involving the collection, disclosure, or use of personal information collected from your child for the purpose of marketing or selling that information.
- \* Any non emergency, invasive physical examination or screening required as a condition of attendance, administered and scheduled by the school in advance and not necessary to protect the immediate health and safety of the student. Exceptions are hearing, vision, or scoliosis screenings, or any physical exam or screening permitted or required under state law. [See policies EF and FFAA.]
- \* Teachers may display students' work in classrooms or elsewhere on campus as recognition of student achievement. As a parent, if you choose that your child's artwork, special projects, photographs, other original works and the like not be displayed to the community, on any campus or on the District's Web site, in printed material, by video, or any other method of communication, you must notify the principal in writing.

**Parents also have a right:**

- \* To request information regarding the professional qualifications of your child's teachers, including whether the teacher has met state qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction; whether the teacher

has an emergency permit or other provisional status for which state requirements have been waived; and the field of study of the certification or degree. You also have the right to request information about the qualifications of any paraprofessional who may provide services to your child.

- \* To review curriculum materials, textbooks, and other teaching aids and instructional materials used in the curriculum, and to examine tests that have been administered to your child.
- \* To inspect a survey created by a third party before the survey is administered or distributed to your child.
- \* To review your child's student records when needed. These records include:
  - Attendance records
  - Test scores
  - Grades
  - Disciplinary records
  - Counseling records
  - Psychological records
  - Applications for admission
  - Health and immunization information
  - Other medical records
  - Teacher and counselor evaluations
  - Reports of behavioral patterns
  - State assessment instruments that have been administered to your child
- \* To grant or deny any written request from the District to make a videotape or voice recording of your child. State law, however, permits the school to make a videotape or voice recording without parental permission for the following circumstances:

- When it is to be used for school safety;
  - When it relates to classroom instruction or a co-curricular or extracurricular activity; or
  - When it relates to media coverage of the school.
- \* To remove your child temporarily from the classroom, if an instructional activity in which your child is scheduled to participate conflicts with your religious or moral beliefs. The removal cannot be for the purpose of avoiding a test and may not extend for an entire semester. Further, your child must satisfy grade-level and graduation requirements as determined by the school and by the Texas Education Agency.
- \* As a part of the district's curriculum, students receive instruction related to human sexuality beginning in sixth grade. The School Health Advisory Council (SHAC) is involved with the selection of course materials for such instruction.
- \* To request that your child be excused from participation in the daily recitation of the Pledge of Allegiance to the United States flag and the Pledge of Allegiance to the state flag. The request must be in writing. State law does not allow your child to be excused from participation in the required moment of silence or silent activity that follows. [See Pledges of Allegiance and a Minute of Silence in policy EC(LEGAL).]
- \* To request that your child be excused from reciting a portion of the text of the Declaration of Independence during Celebrate Freedom Week. The request must be in writing. State law requires the recitation as part of social studies classes in grades 3-12 unless (1) you provide a written statement requesting that your child be excused, (2) the District determines that your child has a conscientious objection to the recitation, or (3) you are a representative of a foreign government to whom the United States government extends diplomatic immunity. [See Policy EHBK(LEGAL).]
- \* To request in writing, if you are a noncustodial parent, that you be provided for the remainder of the school year a copy of any written notice usually provided to a parent related to misconduct that may

- involve placement in a Disciplinary Alternative Education Program (DAEP) or expulsion. See policies FO(LEGAL) and the *Student Code of Conduct*.
- \* As a parent, you may request a transfer of your child to another classroom or campus if your child has been determined by the district to have been a victim of bullying as the term is defined by Education Code 37.0832. Transportation is not provided for a transfer to another campus. See the superintendent for information.
  - \* Consult with district administrators if your child has been determined by the district to have engaged in bullying and the district decides to transfer your child to another campus. Transportation is not provided in this circumstance.  
[See Bullying policy FDB and policy FFI.]
  - \* To request the transfer of your child to attend a safe public school in the District if your child attends school at a campus identified by TEA as persistently dangerous or if your child has been a victim of a violent criminal offense while at school or on school grounds. [See policy FDE(LOCAL)]
  - \* To request the transfer of your child to another campus or a neighboring district if your child has been the victim of a sexual assault by another student on the same campus, whether that assault occurred on or off campus, and that student has been convicted of or placed on deferred adjudication for that assault. [See policy FDE]
  - \* As a parent, if your children are multiple birth siblings (e.g., twins, triplets, etc.) assigned to the same grade, you may request that they be placed either in the same classroom or in separate classrooms. Your written request must be submitted no later than the 14<sup>th</sup> day after the enrollment of your children. [See policy FDB (LEGAL).]
  - \* Corporal punishment – spanking or paddling the student – may be used as a discipline management technique in accordance with the Student Code of Conduct and policy FO(LOCAL). If you do not want corporal punishment to be administered to your child as a method of student discipline, please return the form included in this handbook.

A signed statement must be provided each year. You may choose to revoke this request at any time during the year by providing a signed statement to the campus principal. However, district personnel may choose to use discipline methods other than corporal punishment even if the parent requests that this method be used on the student.

- \* If a student is receiving special education services at a campus outside his or her attendance zone, the parent or guardian may request that any other student residing in the household be transferred to the same campus, if the appropriate grade level for the transferring student is offered on that campus. [See policy FDB (LOCAL).]
- \* If a child is experiencing learning difficulties, the parent may contact the principal to learn about the district's overall general education referral or screening system for support services. This system links students to a variety of support options, including referral for a special education evaluation. Students having difficulty in the regular classroom should be considered for tutorial, compensatory, and other academic or behavior support services that are available to all students including a process based on Response to Intervention (RtI). The implementation of RtI has the potential to have a positive impact on the ability of school districts to meet the needs of all struggling students.
- \* Teachers and other approved employees are permitted by the district to communicate with students through the use of electronic media within the scope of the individual's professional responsibilities. For example, a teacher may set up an educational social networking page for his or her class that has information related to class work, homework and tests. As a parent, you are welcome and encouraged to join or become a member of such a page. An employee described above may also contact a student individually through electronic media to communicate about items such as homework or upcoming tests. If you prefer that your child not receive any one-to-one electronic communications from a district employee, or if you have questions related to the use of electronic media by district employees, please visit with the teacher regarding specifics and submit a written request to the campus principal stating your preference to not have your child participate.

## **STUDENT RIGHTS AND RESPONSIBILITIES**

Students have full rights of citizenship as guaranteed in the United States Constitution and its amendments. These rights must not be changed or interrupted except in accordance with due process of law. Education is one of these rights.

You are responsible for attending school regularly, for making a serious effort in your schoolwork and for following school rules. Most importantly, students, teachers and administrators alike share a responsibility for making our schools good places to learn and to be. Students are expected to treat other students and District employees with courtesy and respect; to avoid any behaviors known to be offensive; and to stop these behaviors when asked or told to stop.

## **ADMISSIONS**

New students enrolling should provide the report card, book card, immunization record, social security number and address of the previous school. In addition, students in grades Pre-K, K, and 1 need to provide their birth certificate. Parental financial information of Pre-K students enrolling might need to be provided to Sudan ISD and/or Head Start.

Kindergarten students must be five years of age on or before September 1, 2012.

## **ATHLETICS**

Seventh grade students may participate in football, basketball, track and tennis. Depending on enrollment figures this year's sixth grade students might participate in football. They could also be allowed to participate in other sports if the number of students falls below the minimum level as set by the University Interscholastic League. Students must meet U.I.L. grade requirements to be eligible.

## **ATTENDANCE/ABSENCES**

State law requires that a student between the ages of 6 and 18 attend school, as well as any applicable accelerated instruction programs, extended year programs, or tutorial session, unless the student is otherwise legally exempt or excused. School employees must investigate and report violations of the state compulsory attendance law. A student absent without permission from school; from any class; or from required special programs, such as additional special instruction, termed “accelerated instruction” by the state; or from required tutorials will be considered in violation of the compulsory attendance law and subject to disciplinary action. A court of law may also impose penalties against both the student and his or her parents if a school-aged student is deliberately not attending school. A complaint against the parent may be filed in the appropriate court if the student is absent from school on ten or more days or parts of days within a six-month period in the same school year, or is absent on three or more days or parts of days within a four-week period. If a student age 12 through age 17 violates the compulsory attendance law, both the parent and student could be charged with a criminal offense. [See policy FEA (LEGAL).]

Exemptions include, if the student makes up all work, religious holy days; required court appearances; activities related to obtaining United States citizenship; service as an election clerk; or documented health-care appointments, including absences for recognized services for students diagnosed with autism spectrum disorders. A note from the health-care provider must be submitted upon the student’s return to campus.

Students enrolled in prekindergarten or kindergarten are required to attend school.

To receive credit in a class, a student must be in attendance for at least 90% of the school days during a year. Students in attendance for fewer than the required days in a year shall not be given credit for the class unless the absences are the result of extenuating circumstances.

An attendance committee is to be established to review attendance of students who are in attendance for fewer than 90% of the days the class is offered. The district has policies for alternative ways for a student to make up schoolwork missed and attain credit. If the committee finds that there are no extenuating circumstances for the absence or if conditions established by

the committee for earning or regaining credit are not met, the committee shall deny credit for the class. [See policy FEC.] The student or parent may appeal the committee's decision to the board of trustees by filing a written request with the superintendent in accordance with policy FNG (LOCAL).

The district must submit attendance of its students to Texas Education Agency (TEA) reflecting attendance at a specific time each day. Official attendance is taken every day at the beginning of second period. A student absent for any portion of the day, including at the office attendance-taking time, should follow proper procedures described below.

State Law requires the district to document verification of absences. Therefore, when students return to school they should bring a note signed by the parent that describes the reason for the absence. A note signed by the student, even with the parent's permission, will not be accepted. When a student's absence for personal illness exceeds four consecutive days, the student shall present a statement from a physician or health clinic verifying the illness or other condition requiring the student's extended absence from school.

Should the student develop a questionable pattern of absences, the principal or attendance committee may require a statement from a doctor or health clinic verifying the illness or condition that caused the student's absence from school. [See policy FEC (LOCAL).]

A student who has been absent for any reason is responsible for making up specific assignments missed. Failure to make up assigned work within the time allotted by the teacher will result in a grade of zero for the assignment. When possible, students should inform teachers if they know they are going to be absent and find out what they will miss.

State law requires attendance in an accelerated reading instruction program when kindergarten, first grade, or second grade students are assigned to such a program. Parents will be notified in writing if their child is assigned to an accelerated reading instruction program as a result of a diagnostic reading instrument.

A student in grades 3-8 will be required to attend any assigned accelerated instruction program, which may occur before or after school or during the

summer, if the student does not meet the passing standards on the state assessment for his or her grade level and applicable subject area.

## **AWAY FROM SCHOOL ACTIVITIES**

If students go by school transportation to any school sponsored activity they should return the same way unless arrangements have been made with the school sponsor.

## **BULLYING**

Bullying occurs when a student or group of students engages in written or verbal expressions, expression through electronic methods, or physical conduct against another student on school property, at a school-sponsored or related activity, or in a district operated vehicle, and the behavior results in harm to the student or the student's property, places a student in reasonable fear of physical harm or of damage to the student's property, or is so severe, persistent, and pervasive that it creates an intimidating, threatening or abusive educational environment. This conduct is considered bullying if it exploits an imbalance of power between the student perpetrator(s) and the student victim and if it interferes with a student's education or substantially disrupts the operation of the school. Bullying is prohibited by the district and could include hazing, threats, taunting, teasing, confinement, assault, demands for money, destruction of property, theft of valued possessions, name-calling, rumor-spreading, or ostracism. In some cases, bullying can occur through electronic methods called "cyberbullying."

If a student believes that he or she has experienced bullying or has witnessed bullying of another student, it is important for the student or parent to notify a teacher, counselor, principal or another district employee as soon as possible to obtain assistance and intervention. The administration will investigate any allegations of bullying or related conduct. If the results of an investigation indicate that bullying has occurred, the administration will take appropriate disciplinary action. Disciplinary or other action may be taken even if the conduct did not rise to the level of bullying. The district will also contact the parents of the victim and of the student who was found to have engaged in the bullying. Available counseling options will be provided to

these individuals, as well as to any students who have been identified as witnesses to the bullying. Any retaliation against a student who reports an incident of bullying is prohibited.

The principal may, in response to an identified case of bullying, decide to transfer a student found to have engaged in bullying to another classroom at the campus. In consultation with the student's parent, the student may also be transferred to another campus in the district, if available. The parent of a student who has been determined by the district to be a victim of bullying may request that his or her child be transferred to another classroom or campus within the district, if available.

The board has established policies and procedures to prohibit bullying and to respond to reports of bullying. [See FFI (Local).] A copy of the district's policy is available in the principal's office, superintendent's office, and on the district's Web site. A student or parent who is dissatisfied with the outcome of an investigation may appeal through policy FNG (LOCAL).

## **CAFETERIA**

The district participates in the National School Lunch Program and offers students nutritionally balanced lunches daily. Free and reduced-price lunches are available based on financial need. Information about a student's participation is confidential. See Vicki Stout to apply. The district follows the federal and state guidelines regarding foods of minimal nutritional value being served or sold on school premises during the school day. [For more information, see policy CO.]

Students in grades PK-7 not qualifying for free or reduced lunches will be charged \$.50 for breakfast and \$1.10 for lunch. Adult prices are \$1.25 for breakfast and \$2.50 for lunch. Students in grades 4-7 may not leave campus for lunch at home unless their parents pick them up or they have a note from one of their parents on file in the office.

## **CHEERLEADERS**

Election of cheerleaders from the sixth and seventh grades is held in the spring of each year. Students who wish to enter this election must have an overall 80 average in their **core academic subjects** for the previous and current six week grading period prior to signing up, have permission from their parents, and have not failed **any** class the previous six weeks. The method of election adheres to the following guidelines:

1. Cheerleaders are to be elected from student vote, judges' evaluation, and teachers' evaluation, with the highest combined scores being the criteria for selection.
2. The three participants having the highest scores in the seventh grade, and the two participants having the highest scores in the sixth grade will be elected to the squad. If either grade does not have a minimum number of participants then the principal and cheerleading sponsor will determine the course of action.
3. Head cheerleader will be the seventh grader with the highest score.

## **CHILD SEXUAL ABUSE AND OTHER MALTREATMENT OF CHILDREN**

As a parent, it is important for you to be aware of warning signs that could indicate a child may have been or is being sexually abused. Sexual abuse in the Texas Family Code is defined as any sexual conduct harmful to a child's mental, emotional, or physical welfare as well as a failure to make a reasonable effort to prevent sexual conduct with a child. Anyone who suspects that a child has been or may be abused or neglected has a legal responsibility, under state law, for reporting the suspected abuse or neglect to law enforcement or to Child Protective Services (CPS).

Possible physical warning signs of sexual abuse could be difficulty sitting or walking, pain in the genital areas, and claims of stomachaches and headaches. Behavioral indicators may include verbal references or pretend games of sexual activity between adults and children, fear of being alone with adults of a particular gender, or sexually suggestive behavior.

Emotional warning signs to be aware of include withdrawal, depression, sleeping and eating disorders, and problems in school.

A child who has experienced sexual abuse or any other type of abuse or neglect should be encouraged to seek out a trusted adult. Be aware as a parent or other trusted adult that disclosures of sexual abuse may be more indirect than disclosures of physical abuse and neglect, and it is important to be calm and comforting if your child, or another child, confides in you. Reassure the child that he or she did the right thing by telling you.

As a parent, if your child is a victim of sexual abuse or other maltreatment, the campus counselor or principal will provide information regarding counseling options for you and your child available in your area. The Texas Department of Family and Protective Services (TDFPS) also manages early intervention counseling programs. To find out what services may be available in your county, see [http://www.dfps.state.tx.us/Prevention and Early Intervention/Programs Available In Your County/default.asp](http://www.dfps.state.tx.us/Prevention_and_Early_Intervention/Programs_Available_In_Your_County/default.asp)

The following Web sites might help you become more aware of child abuse and neglect:

<http://www.childwelfare.gov/pubs/factsheets/signs.cfm>

<http://sapn.nonprofitoffice.com/>

<http://www.taasa.org/member/materials2.php>

[http://www.oag.state.tx.us/AG\\_Publications/txts/childabuse1.shtml](http://www.oag.state.tx.us/AG_Publications/txts/childabuse1.shtml)

[http://www.oag.state.tx.us/AG\\_Publications/txts/childabuse2.shtml](http://www.oag.state.tx.us/AG_Publications/txts/childabuse2.shtml)

Reports may be made to:

The Child Protective Services (CPS) division of the Texas Department of Family and Protective Services  
(1-800-252-5400 or on the Web at <http://www.txabusehotline.org>).

## **CLASS RANK / HIGHEST RANKING STUDENT**

Class ranking shall be determined by averaging all grades taken through the fifth six weeks grading period of the seventh grade year. The grade point average (GPA) shall be carried out to the fifth decimal point. All grades in all classes (EXCEPT band, art, PE or athletics) are used to calculate the GPA for class rank. The following chart sets out the weighted grade point system used by the District:

Grade	TIER II	TIER III
90-100	4.5-5.5	2.0-3.0
80-89	3.5-4.4	1.0-1.9
70-79	2.5-3.4	.1-.9
<70	0	0

All courses fall under Tier II and Tier III for the purposes of calculating class rank with the exception of those noted above. The grades recorded on the official transcript shall reflect the actual grades received by the student in each individual class. The valedictorian and salutatorian shall be the eligible students with the highest and second highest ranking as determined by the District's class ranking procedure described in this policy. To be eligible, a student shall have been continuously enrolled in the District junior high for the current 7<sup>th</sup> grade year preceding graduation and have attended an accredited junior high prior to enrolling in SISD.

The Highest Ranking boy and girl will be calculated for students in 7<sup>th</sup> grade based on their current school year GPA through the 5<sup>th</sup> six weeks. To be eligible for the Highest Ranking boy or girl, a student must enter Sudan ISD during the 1<sup>st</sup> six weeks of the current 7<sup>th</sup> grade year.

## **COMMUNICABLE DISEASES/CONDITIONS**

To protect children from contagious illnesses, students infected with certain diseases are not allowed to come to school while contagious. If a parent suspects that his or her child has a communicable or contagious disease, the parent should contact the school nurse or principal so that other students who might have been exposed to the disease can be alerted. The school nurse or the principal's office can provide information from the Texas Department of health regarding these diseases.

## **COMPLAINTS AND CONCERNS**

Usually student or parent complaints or concerns can be addressed by a phone call or a conference with the teacher or principal. For those complaints and concerns that cannot be handled so easily, the district has adopted a standard complaint policy at FNG (LOCAL) in the district's policy manual. To view this policy, please go to the district's Web site at [www.sudanisd.net](http://www.sudanisd.net).

In general, the student or parent should submit a written complaint and request a conference with the campus principal. If the concern is not resolved, a request for a conference should be sent to the superintendent. If still not resolved, the district provides for the complaint to be presented to the board of trustees.

## **COMPUTER RESOURCES**

District resources have been invested in computer technology to broaden instruction and to prepare students for an increasing technological society. Use of these technological resources, which include the district's network systems and use of district equipment is restricted to students working under a teacher's supervision and for approved purposes only. Students and parents will be asked to sign a user agreement (separate from this handbook) regarding appropriate use of these resources. Violations of this agreement may prompt termination of privileges and other disciplinary action.

Sudan ISD complies with the Children's Internet Protection Act of 2000. Internet access at Sudan ISD is filtered for educational use. The District maintains its own filter appliance. The network administrator conducts weekly audits of the filter logs and reports. Targeted reports from labs and/or specific machines are conducted when evidence dictates such need.

The District has now included training for the education of the students in an age appropriate fashion to address electronic messaging, disclosure of personal information, and unlawful online activities; and, appropriate online behavior including interacting with other individuals on social networking websites and in chat rooms and cyberbullying awareness and response.

Students are prohibited from possessing, sending, forwarding, posting, accessing, or displaying electronic messages that are abusive, obscene,

sexually oriented, threatening, harassing, damaging to another's reputation or illegal. This prohibition also applies to conduct off school property, whether the equipment used to send such messages is district-owned or personally owned, and if it results in a substantial disruption to the educational environment. Any person taking, disseminating, transferring, possessing, or sharing obscene, sexually oriented, lewd or otherwise illegal images or other content will be disciplined according to the Student Code of Conduct, may be required to complete an educational program related to the dangers of this type of behavior, and in certain circumstances, may be reported to law enforcement. Because engaging in this type of behavior can lead to bullying or harassment as well as possibly impede future endeavors of a student, we encourage you to review with your child <http://beforeyoutext.com>, a state-developed program that addresses the consequences of engaging in inappropriate behavior using technology.

In addition, any student who engages in conduct that results in a breach of the district's computer security will be disciplined in accordance with the Student Code of Conduct, and, in some cases, the consequences may rise to the level of expulsion.

Students and parents should be aware that electronic communications -- E-mail--using District computers are not private and may be monitored by District staff.

## **CONDUCT**

One of the most important lessons education should teach is self-discipline. While it does not appear as a subject, it underlines the whole educational structure. Self-discipline is the training that develops character, orderliness and efficiency. It is the key to good conduct and proper consideration for other people. As required by law, the District has developed and adopted a Student Code of Conduct that prohibits certain behaviors and establishes standards of acceptable behavior--both on and off campus-- and consequences for violation of the standards. The district has disciplinary authority over a student in accordance with the Student code of Conduct. Students and parents need to be familiar with the standards set out in the Student Code of Conduct, as well as campus and classroom rules, in order to avoid violations and the subsequent consequences.

Students are responsible for conducting themselves properly, in a manner appropriate to their age and level of maturity.

Parents should accept responsibility for helping their children to develop self-discipline.

Student responsibilities for achieving a positive learning environment at school or school-related activities include, but are not limited to:

- Attending all classes, regularly and on time.
- Being prepared for each class with appropriate materials and assignments.
- Being properly dressed.
- Showing respect toward others.
- Behaving in a responsible manner.
- Paying required fees and fines.
- Refraining from violations of the code of student conduct.
- Obeying all school rules.

Disruptions of school operations are not tolerated and may constitute a misdemeanor offense. As identified by law, disruptions include the following:

- Interference with the movement of people at an exit, entrance, or hallway of a district building without authorization from an administrator.
- Interference with an authorized activity by seizing control of all or part of a building.
- Use of force, violence, or threats in an attempt to prevent participation in an authorized assembly.
- Use of force, violence, or threats to cause disruption during an assembly.
- Interference with the movement of people at an exit or an entrance to district property.
- Use of force, violence, or threats in an attempt to prevent people from

entering or leaving district property without authorization from an administrator. See FNCI(LEGAL) and GKA(LEGAL).

- Disruption of classes or other school activities while on district property or on public property that is within 500 feet of district property. Class disruption includes making loud noises; trying to entice a student away from, or to prevent a student from attending, a required class or activity; and entering a classroom without authorization and disrupting the activity with loud or profane language or any misconduct.
- Interference with the transportation of students in vehicles owned or operated by the district.

For those students who have not yet mastered self-discipline, the following are some of the alternatives that are available:

- Counseling - by teacher, counselor or principal to discuss rules, consequences and ways to avoid further disruptive behavior.
- Parent Contact - by teacher, counselor or principal
- Withdrawal of privileges - can range from minor such as denial of recess time to denial of participation in extracurricular activities.
- In-School Suspension - setting students apart from their classmates for a specified period of time. Students may not participate in extracurricular during the time they are in suspension.
- Corporal Punishment - Corporal punishment is not administered by campus personnel to abuse or belittle students. In the majority of situations it is used only after other alternatives have been tried and proven unsuccessful. However, parents who feel strongly against the use of corporal punishment may document their wishes for another means of corrective measure to be used and deliver it to the principal's office. Corporal punishment will be limited to spanking or paddling the student and governed by the following conditions:
  - The student will be told the reason for the corporal punishment.

- Corporal punishment may be administered only by the principal or a teacher in the principal's office.
- The instrument to be used will be approved by the principal.
- Corporal punishment will be administered in the presence of one other District professional employee and out of view of other students.
- A record will be maintained for each instance of corporal punishment.
- Other techniques as listed in the Student Code of Conduct.
- To achieve the best possible learning environment for all our students, Sudan Elementary rules and discipline will apply whenever the interest of the District is involved, on or off school grounds, in conjunction with or independent of classes and school sponsored activities. The District has disciplinary authority over a student:
  - During the regular school day or while a student is going to and from school on District transportation.
  - During lunch periods in which a student is allowed to leave campus.
  - Within 300 feet of school property.
  - While a student is in attendance at any school-related activity, regardless of time or location.
  - For any school-related misconduct, regardless of time or location.
  - When a student commits a felony, as described by Texas Education Code 37.006.
  - When criminal mischief is committed on or off school property or at a school-related event.

## **CONFERENCES**

Parents and teachers are encouraged to establish and maintain frequent communication about student progress.

A student or parent who needs information or wants to raise a question or concern is encouraged to talk with the appropriate teacher, counselor, or principal. A parent who wants to meet with a teacher may call the office for an appointment during the teacher's conference period or may request that the teacher call the parent during a conference period or at another mutually convenient time.

Students and parents may expect teachers to request a conference (1) if the student is not maintaining passing grades or achieving the expected level of performance, (2) if the student presents any other problem to the teacher, or (3) in any other case the teacher considers necessary.

Parent Conferences will be scheduled twice during the year by teachers to communicate progress, concerns, etc. The two dates for these conferences will be October 15, 2012 and February 25, 2013.

## **CREDIT BY EXAMINATION**

A student in any grade (K-7) may use examinations in lieu of course work to advance to a higher grade. Questions regarding these examinations may be discussed with the principal or counselor.

## **CURRICULUM - GRADING**

For grades 1-7, numerical scores on a scale of 0-100 will be given in all subjects.

## **DISTRIBUTION OF PUBLISHED MATERIALS OR DOCUMENTS**

### **School Materials**

Publications prepared by and for the school may be posted or distributed, with the prior approval of the principal, sponsor, or teacher. Such items may

include school posters, brochures, flyers, etc. All school publications are under the supervision of a teacher, sponsor, and the principal.

### **Nonschool Materials from students**

Students must obtain prior approval from the principal before posting, circulating, or distributing written materials, handbills, photographs, pictures, petitions, films, tapes, posters, or other visual or auditory materials that were not developed under the oversight of the school. To be considered, any nonschool material must include the name of the sponsoring person or organization. The decision regarding approval will be made within two school days.

The principal has designated the wall outside of the PE room as the location for approved nonschool materials to be placed for voluntary viewing by students. [See policies at FNAA.]

A student may appeal a principal's decision in accordance with policy FNG (LOCAL). Any student who posts nonschool material without prior approval will be subject to disciplinary action in accordance with the Student Code of Conduct. Materials displayed with the principal's approval will be removed.

### **Nonschool Materials from others**

Written or printed materials, handbills, photographs, pictures, films, tapes, or other visual or auditory materials not sponsored by the district or by a district-affiliated school-support organization will not be sold, circulated, distributed, or posted on any district premises by and district employee or by persons or groups not associated with the district, except as permitted by policy GKDA. To be considered for distribution, any nonschool material must meet the limitation on content established in the policy, include the name of the sponsoring person or organization, and be submitted to the principal for prior review. The principal will approve or reject the materials within two school days of the time the materials are received. The requestor may appeal a rejection in accordance with the appropriate district complaint policy. [See policies at DGBA, FNG, or GF.]

Prior review will not be required for:

Distribution of materials by an attendee to other attendees of a school-sponsored meeting intended for adults and held after school hours.

Distribution of materials by an attendee to other attendees of a community group meeting held after school hours in accordance with policy GKD(LOCAL) or a noncurriculum-related student group meeting held in accordance with FNAB(LOCAL).

Distribution for electioneering purposes during the time a school facility is being used as a polling place, in accordance with state law.

All nonschool materials distributed under these circumstances must be removed from district property immediately following the event at which the materials are distributed.

## **DETENTION**

A noon detention period will be used as a first line of discipline. It will be used primarily for minor infractions of the Student Code of Conduct. Detention will take place during the lunch recess period. It will be held in a specific classroom and a cumulative record of detentions will be kept for each student. Excessive accumulation of detentions will result in a more severe discipline. Accumulation of 5 or more detentions within a six-week period or 5 or more within a semester will be cause of assignment to In-School Suspension. Continued assignment to In-School Suspension will warrant more severe disciplinary action including assignment to an Alternative Educational Placement center (AEP).

## **DRESS CODE**

The District's dress code is established to teach grooming and hygiene, instill discipline, prevent disruption, minimize safety hazards, and teach respect for authority. Students should be dressed and groomed in a manner that is clean and neat and that will not be a health or safety hazard to themselves or others. The District prohibits any clothing or grooming that in the principal's judgment may reasonably be expected to cause disruption of or interference with normal school operations. The District prohibits pictures, emblems, or writings that are lewd, offensive, vulgar, or obscene or that advertise or depict tobacco products, alcoholic beverages, drugs or any other substance prohibited under policy FNCF (LOCAL). The student and

parent may determine the student's personal dress and grooming standards, provided they comply with these general guidelines and the District's dress code for students in the student handbook.

If the principal determines that a student's grooming violates the dress code, the student shall be given an opportunity to correct the problem at school. If not corrected, the student will be disciplined according to campus policy for dress code violations. Repeated offenses may result in more serious disciplinary action. Appropriate discipline procedures shall be followed in all cases.

The principal, in cooperation with the sponsor, coach, or other person in charge of an extracurricular activity, may regulate the dress and grooming of students who participate in the activity. Students who violate these standards may be removed or excluded from the activity for a period determined by the principal or sponsor and may be subject to other disciplinary action.

### **General Guidelines for Dress Code**

- Immodest dress will not be allowed. This may include but is not limited to the following:
  - \* Strapless dresses, sundresses, see-through materials
  - \* Tank tops, halter-tops, fish net or spaghetti straps
  - \* Low cut dresses, blouses, or shirts
  - \* Pajama type clothing
  - \* Inappropriate sleeveless shirts or dresses

→*Sleeveless garments must cover the width of the shoulder, be hemmed and must be cut to fit under the arm.*

- Proper undergarments will be worn at all times and will not be exposed.
- Pants with holes, frays, or patches are not acceptable.

- Any top showing a bare midriff (when arms are extended outward) is not permitted.
- Shorts or skirts must allow students to be able to stand, sit and/or bend with modesty. The guideline for these is “fingertip length.” This means that the length cannot be shorter than the level where the fingertips fall when the student’s hand are at their sides.
- Pants will not be allowed to sag or be excessively baggy as determined by the principal. Students will not be permitted to wear long shirts extending well below the waistline over the pants for the purpose of hiding sagging pants.
- Overcoats, trench coats, dusters, or other concealing attire will not be permitted.
- Shorts may be worn on any day during the school year. No bicycle shorts will be allowed. Shorts should be loose fitting and either be hemmed or turned up/under to provide a neat appearance.
- Caps and hats are not to be worn inside the building during regular school hours. Caps at school functions are to be worn straight with the bill toward the front.
- Shirt collars are to be kept turned down.
- No shoes with skate wheels. This includes not being worn at any school-sponsored function, (i.e. basketball games).
- Wallet chains are not allowed. Necklaces on male students must be of a minimal diameter size as determined by the principal and worn inside the shirt. Necklaces on female students are allowable unless deemed inappropriate by the principal.
- Visible piercing jewelry for female students is restricted to a maximum of three per ear. Male students cannot wear any visible piercing jewelry.
- Visible tattoos are not permitted.

- No ponytails, rattails, makeup or painted nails on male students.
- Male hair length will not extend below the top of the collar of a regular dress shirt, nor beyond the bottom of the ear lobes, nor fall over the eyebrows. Sideburns will not extend below the bottom of the ear lobe. Facial hair is not permitted.
- Students will avoid extremes in hairstyles that attract attention that interferes with the classroom-learning environment. Examples include Mohawks, unusually died or colored hair, and shaved designs in the hair. Hair should be kept clean and well groomed.

Exceptions to the dress code can be made by the campus principal for special events such as pep rallies, spirit days, etc.

Students and parents need to be aware that many of the unacceptable styles of dress can become allowable with the wearing of additional clothing.

It is impossible to list all of the acceptable and unacceptable types of dress and grooming and therefore, a judgment decision must be made at certain times. The principal will have the final authority to determine if a student's grooming violates the dress code.

## **ELEMENTARY TRACK MEET**

Near the end of the school year one afternoon is taken to allow students in grades Pre-K-6 to compete and win ribbons in running and field events. The meet is organized and run off by the high school student council.

## **ELECTRONIC DEVICES AND TECHNOLOGY**

Students shall not possess a cellular telephone or other telecommunications device at school during the instructional school day. Violation will result in confiscation and charged a \$15 retrieval fee. This policy includes field trips,

unless prior arrangements have been made through the campus principal. Confiscated telecommunications devices that are not retrieved by the student or student's parents will be disposed of after the notice required by law. [See policy FNCE (Local).]

Except as described below, students are not permitted to possess or use personal electronic devices such as MP3 players, video or audio recorders, DVD players, cameras, games, e-readers or other electronic devices at school, unless prior permission has been obtained. Without such permission, teachers will collect the items and turn them in to the principal's office where a \$15 retrieval fee will apply. The principal will determine whether to return items to students at the end of the day or to contact parents to pick up the items. In limited circumstances and in accordance with law, a student's personal electronic device may be searched by authorized personnel. [See Searches and policy FNF]. Any disciplinary action will be in accordance with the *Student Code of Conduct*. The district will not be responsible for damaged, lost, or stolen telecommunications devices.

## **EXTRACURRICULAR ACTIVITIES**

Participation in school and school-related activities is an excellent way for a student to develop talents, receive individual recognition, and build strong friendships with other students; participation, however, is a privilege, not a right.

Eligibility for initial and continuing participation in many of these activities is governed by state law and the rules of the University Interscholastic League (UIL)—a statewide association overseeing interdistrict competition. If a student is involved in an academic, athletic, or music activity governed by UIL, the student and parent are expected to know and follow all rules of the UIL organization. [See <http://www/uil.utexas.edu> for additional information.] The following requirements apply to all extracurricular activities:

- A student who receives, at the end of any grade evaluation period, an average grade below 70 in any academic class other than an identified honors or advanced class, or a student with disabilities who fails to

meet the standards in the Individual Education Plan (IEP) may not participate in extracurricular activities for at least three school weeks.

- A student may practice or rehearse while suspended.
- The student regains eligibility when the principal and teachers determine that he or she has: (1) earned a passing grade (70 or above) in all academic classes; and (2) completed three weeks of suspension.
- A student is allowed up to ten absences from a class during the school year for extracurricular activities or public performances. All UIL activities approved by the District are subject to these restrictions.
- Any disciplinary behavior-related restrictions on participation are set out in the Student Code of Conduct.
- A student who misses class because of participation in an activity sponsored by a non-approved organization will receive an unexcused absence.

Student clubs and groups such as the band, choir, and athletic teams may establish codes of conduct and consequences for misbehavior that are stricter than those for students in general. If a violation is also a violation of school rules, the consequences specified by the Student Code of Conduct or by local policy will apply in addition to any consequences specified by the organization's standards of behavior.

## **FEES**

Materials that are part of the basic educational program are provided without charge to a student. A student is expected to provide his or her own supplies of pencils, paper, erasers, and notebooks, and may be required to pay certain other fees or deposits, including:

- Costs for materials for a class project that the student will keep.
- Personal physical education and athletic equipment and apparel.
- Voluntary purchases of pictures, publications, etc.
- Voluntary purchased student accident insurance.

- Fees for damaged or lost library books and school-owned equipment.
- Security deposits (laptops)

## **FIELD TRIPS**

Field trips are sometimes planned during the year. These trips include educational activities and are used as a supplement to the curriculum.

## **FIRE DRILLS**

Rules of safety and instruction are reviewed by the teachers to develop safety practices that will help students to move quickly and orderly to assigned safety areas during an emergency. Exit plans are located in each room. Lock Down procedures are also posted in each classroom.

### Fire Drill Bells

3 bells

1 bell

2 bells

leave the building

halt; stand at attention

return to the classroom

## **FOOD ALLERGIES**

The district requests to be notified when a student has been diagnosed with a food allergy, especially those allergies that could result in dangerous or possibly life-threatening reactions either by inhalation, ingestion, or skin contact with the particular food. It is important to disclose the food to which the student is allergic, as well as the nature of the allergic reaction. Please contact the school nurse or campus principal if your child has a known food allergy or as soon as possible after any diagnosis of a food allergy.

The district has developed and annually reviews a food allergy management plan, which addresses employee training, dealing with common food allergens, and specific strategies for dealing with students diagnosed with severe food allergies. When the district receives information that a student

has a food allergy that puts the student at risk for anaphylaxis, individual care plans will be developed to assist the student in safely accessing the school environment. The district's food allergy management plan can be accessed in the nurse's office. Also see policy FFAF.

## **FREEDOM FROM DISCRIMINATION**

The District believes that all students learn best in an environment free from harassment and that their welfare is best served when they can work free from discrimination. Students are expected to treat other students and District employees with courtesy and respect; to avoid any behaviors known to be offensive; and to stop those behaviors when asked or told to stop. District employees are expected to treat students with courtesy and respect.

The Board has established policies and procedures to prohibit and promptly respond to inappropriate and offensive behaviors that are based on a person's race, religion, color, national origin, gender, sex, age, disability, or any other basis prohibited by law. [See policy FFH]

Discrimination is defined as any conduct directed at a student on the basis of race, color, religion, gender, national origin, disability, or any other basis prohibited by law that negatively affects the student.

Prohibited harassment, in general terms, is conduct so severe, persistent, or pervasive that it affects the student's ability to participate in or benefit from an educational program or activity; or substantially interferes with the student's academic performance. A copy of the District's policy is available in the principal's office, the Superintendent's office or on the district's Web site.

Examples of prohibited discrimination may include, but are not limited to, derogatory language directed at a person's religious beliefs or practices, accent, skin color, or need for accommodation; bullying, threatening or intimidating conduct; name-calling or slurs, taunting, teasing (even when presented as "jokes"), or rumors; aggression or assault; graffiti or printed material promoting racial, ethnic, or other negative stereotypes; or aggressive conduct such as theft or damage to property.

Sexual harassment and gender-based harassment of a student by an employee, volunteer, or another student is prohibited. Examples of sexual harassment may include touching private body parts or coercing physical contact that is sexual in nature; sexual advances; jokes or conversations of a sexual nature; and other sexually motivated conduct, communications, or contact.

Sexual harassment of a student by an employee or volunteer does not include necessary or permissible physical contact not reasonably construed as sexual in nature. However, all romantic and inappropriate social relationships, as well as all sexual relationships, between students and District employees are prohibited, even if consensual.

Gender-based harassment includes harassment based on a student's gender, expression by the student of stereotypical characteristics associated with the student's gender, or the student's failure to conform to stereotypical behavior related to gender. Examples of gender-based harassment directed against a student, regardless of the student's actual or perceived sexual orientation or gender identity, may include, but not be limited to, offensive jokes, name-calling, slurs, or rumors; physical aggression or assault; threatening or intimidating conduct; or other kinds of aggressive conduct such as theft or damage to property.

Any student (or the student's parent) who believes that he or she has experienced prohibited harassment should immediately report the problem to a teacher, counselor, principal, or other District employee. To the extent possible, the District will respect the privacy of the student; however, limited disclosures may be necessary to conduct a thorough investigation and to comply with law. Allegations will be promptly investigated. The District will promptly notify the parents of any student alleged to have experienced prohibited conduct by an adult associated with the District. In the event the alleged prohibited conduct involves another student, the district will notify the parents of the student alleged to have experienced by prohibited conduct when the allegations, if proven, would constitute a violation as defined by policy. During the course of an investigation, the district may take interim action to address the alleged prohibited conduct. When an investigation is initiated for alleged prohibited conduct, the district will determine whether the allegations, if proven, would constitute bullying as defined by law. If so, an investigation of bullying will also be conducted. [ See policy FFI.]

If the District's investigation indicates that prohibited harassment occurred, appropriate disciplinary action, and in some cases, corrective action will be taken to address the conduct. The District may take disciplinary and corrective action even if the conduct that is the subject of the complaint was not unlawful.

Retaliation against a person who makes a good faith report of prohibited harassment is prohibited. Retaliation against a person who is participating in an investigation of alleged discrimination or harassment is also prohibited. However, a person who makes a false claim or offers false statements or refuses to cooperate with a District investigation may be subject to appropriate discipline.

Retaliation against a student might occur when a student receives threats from another student or an employee or when an employee imposes an unjustified punishment or unwarranted grade reduction. Retaliation does not include petty slights and annoyances from other students or negative comments from a teacher that are justified by a student's poor academic performance in the classroom.

A student or parent who is dissatisfied with the outcome of the investigation may appeal in accordance with policy FNG (LOCAL).

In its efforts to promote nondiscrimination, the District makes the following statement:

In its effort to promote nondiscrimination, Sudan ISD does not discriminate on the basis of race, religion, color, national origin, gender, sex, or disability in providing education services, activities, and programs, including vocational programs, in accordance with Title VI of the Civil Rights Act of 1964, as amended; Title IX of the Educational Amendments of 1972; and Title II of the Americans with Disabilities Act of 1990 (ADA), as amended, which incorporates and expands upon the requirements of Section 504 of the Rehabilitation Act of 1973, as amended.

The following district representatives have been designated to coordinate compliance with these legal requirements:

Title IX Coordinator, for concerns regarding discrimination on the basis of gender: Scott Harrell, High School Principal, HWY 303, Sudan TX, 79371, 806-227-2431 ext113.

ADA/Section 504 Coordinator, for concerns regarding discrimination on the basis of disability: Lyndell (Bo) Lance, Superintendent, HWY 303, Sudan TX, 79371, 806-227-2431 ext111.

All other concerns regarding discrimination: See the superintendent, Lyndell (Bo) Lance, Superintendent, HWY 303, Sudan TX, 79371, 806-227-2431 ext111.

### **GANG-FREE ZONES**

Certain criminal offenses, including those involving organized criminal activity such as gang-related crimes, will be enhanced to the next highest category of offense if they are committed in a gang-free zone. For purposes of the district, a gang-free zone includes a school bus and a location in, on, or within 1,000 feet of any district-owned or leased property or campus playground.

### **GRADING GUIDELINES**

See Report Cards, Late Work, and Make-up Work.

### **GUIDANCE AND COUNSELING SERVICE**

Sudan ISD is working to establish a Comprehensive School Guidance Program, which includes an overall guidance curriculum, individual planning, responsive services, and system support. Guidance as a program involves the entire school community in a team approach. The focus is upon helping students through a proactive program where students acquire personal and academic achievements necessary to be successful in future career fields. We seek to help develop lifelong learners with positive interpersonal skills in order to help mold productive citizens.

Students are encouraged to talk with the counselor in the guidance office by making an appointment at any time. The counselor's job is to help in all school related situations. The services may include assistance in academic and study problems, specialized testing and personal problem counseling. The school counselor is available to assist students with a wide range of personal concerns, including such areas as social, family, or emotional issues, or substance abuse. The counselor may also make available information about community resources to address these concerns. A student who wishes to meet with the counselor should visit with the principal about scheduling an appointment with the counselor. Parents and teachers may also request counseling services for a student.

The school or counselor will not conduct a psychological examination, test, or treatment without first obtaining the parent's written consent. Parental consent is not necessary when a psychological examination, test, or treatment is required by state or federal law for special education purposes or by the Texas Education Agency for child abuse investigations and reports. [For more information, refer to policies EHBAA(LEGAL), FFE(LEGAL), and FFG(EXHIBIT).]

## **HARASSMENT**

See Freedom from Discrimination.

## **HEALTH-RELATED MATTERS**

The District will make available for public inspection a statement of the policy adopted to ensure that students in elementary grades engage in at least 30 minutes of physical activity per day or 135 minutes per week, along with other information. For information regarding the District's adopted policies regarding elementary student physical activity requirements, please see the principal or refer to Board Policy EHAB and EHAC,

For information regarding the District's School Health Advisory Council, including the number of meetings scheduled or held during the year, please see the school nurse. [See also policies BDF and EHAA.]

The district has adopted policies and implemented procedures to comply with state and federal food service guidelines for restricting student access to vending machines. Information regarding vending machines in District facilities and student access to the machines is available from the principal.

The district and its staff strictly enforce prohibitions against the use of tobacco products by students and others on school property and at school-sponsored and school-related activities. [See the *Student Code of Conduct* and policies at FNCD and GKA.]

## **Bacterial Meningitis**

### ***What is meningitis?***

Meningitis is an inflammation of the covering of the brain and spinal cord. Viruses, parasites, fungi, and bacteria can cause it. Viral meningitis is most common and the least serious. Bacterial meningitis is the most common form of serious bacterial infection with the potential for serious, long-term complications. It is an uncommon disease, but requires urgent treatment with antibiotics to prevent permanent damage or death.

### ***What are the symptoms?***

Someone with meningitis will become very ill. The illness may develop over one or two days, but it can also rapidly progress in a matter of hours. Not everyone with meningitis will have the same symptoms. Children (over 1 year old) and adults with meningitis may have a severe headache, high temperature, vomiting, sensitivity to bright lights, neck stiffness or joint pains, and drowsiness or confusion. In both children and adults, there may be a rash of tiny, red-purple spots. These can occur anywhere on the body. The diagnosis of bacterial meningitis is based on a combination of symptoms and laboratory results.

### ***How serious is bacterial meningitis?***

If it is diagnosed early and treated promptly, the majority of people make a complete recovery. In some cases it can be fatal or a person may be left with a permanent disability.

### ***How is bacterial meningitis spread?***

Fortunately, none of the bacteria that cause meningitis are as contagious as diseases like the common cold or the flu, and they are not spread by casual contact or by simply breathing the air where a person with meningitis has been. The germs live naturally in the back of our noses and throats, but they do not live for long outside the body. They are spread when people exchange saliva (such as by kissing; sharing drinking containers, utensils, or cigarettes).

The germ **does not** cause meningitis in most people. Instead, most people become **carriers** of the germ for days, weeks or even months. The bacteria rarely overcome the body's immune system and causes meningitis or another serious illness.

### ***How can bacterial meningitis be prevented?***

Do not share food, drinks, utensils, toothbrushes, or cigarettes. Limit the number of persons you kiss.

While there are vaccines for some other strains of bacterial meningitis, they are used only in special circumstances. These include when there is a disease outbreak in a community or for people traveling to a country where there is a high risk of getting the disease. Also, a vaccine is recommended by some groups for college students, particularly freshmen living in dorms or residence halls. The vaccine is safe and effective (85-90%). It can cause mild side effects, such as redness and pain at the injection site lasting up to two days. Immunity develops within 7 to 10 days after the vaccine is given and lasts for up to 5 years.

### ***What should you do if you think you or a friend might have bacterial meningitis?***

Seek prompt medical attention.

### ***Where can you get more information?***

Your school nurse, family doctor, and the staff at your local or regional health department office are excellent sources for information on all communicable diseases. You may also call your local health department or Regional Texas Department of Health office to ask about meningococcal vaccine. Additional information may also be found at the web sites for the Centers for Disease Control and Prevention: [www.cdc.gov](http://www.cdc.gov) and the Texas Department of Health: [www.tdh.state.tx.us/](http://www.tdh.state.tx.us/).

## **Physical Activity for Students in Elementary and Middle School**

In accordance with policies at EHAB, EHAC, EHBG, and FFA, the district will ensure that students in kindergarten through grade 5 engage in moderate or vigorous physical activity for at least 30 minutes per day or 135 minutes per week.

Students in middle or junior high school will engage in 30 minutes of moderate or vigorous physical activity per day for at least four semesters OR at least 225 minutes of moderate or vigorous physical activity within each two-week period for at least four semesters.

## **School Health Advisory Council (SHAC)**

During the preceding school year, the district's School Health Advisory Council held four meetings.

## **OTHER HEALTH RELATED MATTERS**

### **Emergency Medical Treatment and Information**

If a student has a medical emergency at school or a school-related activity when the parent cannot be reached, the school may have to rely on previously provided written parental consent to obtain emergency medical treatment, and information about allergies to medications, foods, insect bites, etc. Therefore, parents are asked each year to complete an emergency care consent form. Parents should keep emergency care information up-to-date (name of doctor, emergency phone numbers, allergies, etc.). Please contact the school nurse to update any information that the nurse or the teacher needs to know.

### **Physical Fitness Assessment**

Annually, the district will conduct a physical fitness assessment of students in grades 3-12 who are enrolled in a physical education course or a course for which physical education credit is awarded. At the end of the school year, a parent may submit a written request to Gordon Martin to obtain the

results of his or her child's physical fitness assessment conducted during the school year.

### **Vending Machines**

The district has adopted policies and implemented procedures to comply with state and federal food service guidelines for restricting student access to vending machines. For more information regarding these policies and guidelines see the principal. [See policies at CO and FFA.]

### **Tobacco Prohibited**

The district and its staff strictly enforce prohibitions against the use of tobacco products by students and others on school property and at school-sponsored and school-related activities. [See the Student Code of Conduct and policies at FNCD and GKA.]

### **Asbestos Management Plan**

The district works diligently to maintain compliance with federal and state law governing asbestos in school buildings. A copy of the district's Asbestos Management Plan is available in the superintendent's office. If you have any questions or would like to examine the district's plan in more detail, please contact Bo Lance.

### **Pest Management Plan**

The district is required to follow integrated pest management (IPM) procedures to control pests on school grounds. Although the district strives to use the safest and most effective methods to manage pests, including a variety of non-chemical control measures, pesticide use is sometimes necessary to maintain adequate pest control and ensure a safe, pest-free school environment.

All pesticides used are registered for their intended use by the United States Environmental Protection Agency and are applied only by certified pesticide applicators. Except in an emergency, signs will be posted 48 hours before indoor application. All outdoor applications will be posted at the time of

treatment, and signs will remain until it is safe to enter the area. Parents who have further questions or who want to be notified prior to pesticide application inside their child's school assignment area may contact Bo Lance.

## **HOMELESS STUDENTS**

For more information on services for homeless students, contact the district's Liaison for Homeless Children and Youths, Kayela Harrell, at 806-227-2431 ext 114.

## **HOMEWORK**

### **Helping Students Succeed**

Helping students to be successful is a goal shared by educators and parents. Homework is one way in which families and schools can work together to ensure that students continue to learn beyond the classroom. By cooperating in this endeavor, educators, parents, and students will be working together to lay the groundwork for successful learning experiences.

### **Why is Homework Assigned?**

Homework is assigned for a variety of reasons:

1. It reserves class time for teaching students more concepts and skills.
2. It creates additional opportunities for students to succeed at learning.
3. It provides opportunities to apply learning in new and different ways.
4. It prepares students for full participation in a variety of classroom activities.
5. It teaches students to manage time, set priorities and assume some responsibilities for their learning.

## **Teacher Responsibilities**

Teachers play an important role in the selection, assignment, and use of homework. Research indicates that where homework assignments are meaningful, student achievement increases. To this end, the teacher will:

- Assign homework that enriches, reinforces, or supplements classroom instruction,
- Communicate to students and parents expectations related to short-and long term homework assignments,
- Modify homework assignments as needed,
- Review homework promptly and provide students with feedback and additional instruction as appropriate,
- Explain the purpose of homework assignments, and
- Coordinate homework assignments with other teachers, as appropriate.

## **Student Responsibilities**

So that they are able to take advantage of the opportunities to extend the learning that homework provides, students will:

- Be responsible for knowing the assignments and securing the books and materials needed to complete the assignment,
- Complete and return assignments in a timely manner,
- Seek assistance, as needed, from parents and teachers, and
- Check with teachers to determine homework assignments for any classes missed.

## **Types of Homework Assignments**

1. Independent practice assignments are an important extension of homework. These assignments are appropriate when students have demonstrated sufficient understanding of the material. The assignment should be no longer than necessary to develop the skill or concept or to accomplish the learning outcome.
2. Preparation assignments help students benefit from subsequent lessons: for example, reading new material or reviewing and studying material previously covered in class. Preparation assignments are frequently followed by a daily activity that enables the teacher to evaluate student achievement. Failure to be prepared may result in the student's inability to participate fully in the classroom learning experience.
3. Extension assignments or special projects should require students to use newly learned skills or concepts in a new situation: for example, synthesizing information and producing a unique written report or other project—a research project, a model, or a writing assignment. Some of these assignments are overnight assignments, but others are equivalent to a major test and should be averaged as major grades for the six-weeks reporting period.

## **IMMUNIZATION REQUIREMENTS**

A student must be fully immunized against certain diseases or must present a certificate or statement that, for medical reasons or reasons of conscience, including a religious belief, the student will not be immunized. For exemptions based on reasons of conscience, only official forms issued by the Texas Department of State Health Services (TDSHS), Immunization Branch, can be honored by the district. This form may be obtained by writing the TDSHS Immunization Branch (MC 1946), P.O. Box 149347, Austin, Texas 78714-9347; or online at <https://webds.dshs.state.tx.us/immco/affidavit.shtm>. The form must be notarized and submitted to the principal or school nurse within 90 days of notarization. If the parent is seeking an exemption for more than one student in the family, a separate form must be provided for each student.

The immunizations required are: diphtheria, rubeola (measles), rubella (German measles), mumps, tetanus, pertussis, poliomyelitis, hepatitis A, hepatitis B, varicella (chicken pox), acellular pertussis, meningococcal vaccine. The school nurse can provide information on age-appropriate doses or on an acceptable physician-validated history of illness required by the

TDSHS. Proof of immunization may be established by personal records from a licensed physician or public health clinic with a signature or rubber-stamp validation.

If a student should not be immunized for medical reasons, the student or parent must present a certificate signed by a U.S. licensed physician stating that, in the doctor's opinion, the immunization required poses a significant risk to the health and well-being of the student or member of the student's family or household. This certificate must be renewed yearly unless the physician specifies a life-long condition. [For further information, see policy FFAB(LEGAL) and the Department of State Health Services Web site: <http://www.dshs.state.tx.us/immunize/school/default.shtm>.] Also see the Immunization Branch website for any changes and grade level requirements: <http://www.immunizetexas.com>

## **LATE WORK**

Students in attendance when assignments are made will be governed by the following guidelines. Students who fail to turn in assignments when they are due will be given from one to three days (depending on the assignment and teacher discretion) to turn in late work. However, before the assignment will be accepted a parent signature and brief note explaining the reason for the late work is required. Ten points will be deducted for each day that the assignment is late. After the third day a zero will be given for the assignment and the student will be sent to a detention setting until the work is completed satisfactorily. A grade no higher than 70 will then be given for the assignment.

## **LAW ENFORCEMENT**

### ***Questioning of Students***

When law enforcement officers or other lawful authorities wish to question or interview a student at school, the principal will cooperate fully regarding the conditions of the interview, if the questioning or interview is part of a child abuse investigation. In other circumstances:

- \* The principal will verify and record the identity of the officer or other authority and ask for an explanation of the need to question or interview the student at school.
- \* The principal ordinarily will make reasonable efforts to notify parents unless the interviewer raises what the principal considers to be a valid objection.
- \* The principal ordinarily will be present unless the interviewer raises what the principal considers to be a valid objection.
- \* The principal will cooperate fully regarding the conditions of the interview, if the questioning or interview is part of a child abuse investigation.

### ***Students Taken into Custody***

State law requires the District to permit a student to be taken into legal custody:

- \* To comply with an order of the juvenile court.
- \* To comply with the laws of arrest.
- \* By a law enforcement officer if there is probably cause to believe the student has engaged in delinquent conduct or conduct in need of supervision.
- \* By a probation officer if there is probable cause to believe the student has violated a condition of probation imposed by the juvenile court.
- \* To comply with a properly issued directive to take a student into custody.
- \* By an authorized representative of Child Protective Services, Texas Department of Protective and Regulatory Services, a law enforcement officer, or a juvenile probation officer, without a court

order, under the conditions set out in the Family Code relating to the student's physical health or safety.

Before a student is released to a law enforcement officer or other legally authorized person, the principal will verify the officer's identity and, to the best of his or her ability, will verify the official's authority to take custody of the student.

The principal will immediately notify the Superintendent and will ordinarily attempt to notify the parent unless the officer or other authorized person raises what the principal considers to be a valid objection to notifying the parents. Because the principal does not have the authority to prevent or delay a custody action, notification will most likely be after the fact.

### ***Notification of Law Violations***

The district is required by state law to notify:

- All instructional and support personnel who have responsibility for supervising a student who has been taken into custody, arrested or referred to the juvenile court for any felony offense or for certain misdemeanors.
- All instructional and support personnel who have regular contact with a student who is thought to have committed certain offences or who has been convicted, received deferred prosecution, received deferred adjudication, or was adjudicated of delinquent conduct for any felony offense or certain misdemeanors.
- All appropriate district personnel in regards to a student who is required to register as a sex offender.

[For further information, see policies FL(LEGAL) and GRAA(LEGAL).]

## **LIMITED ENGLISH PROFICIENT STUDENTS**

A student with limited English proficiency (LEP) is entitled to receive specialized services from the district. To determine whether the student

qualifies for services, a Language Proficiency Assessment Committee (LPAC) will be formed, which will consist of both district personnel and recommended by the LPAC for a LEP student.

In order to determine a student's level of proficiency in English, the LPAC will use information from a variety of assessments. If the student qualifies for services and once a level of proficiency has been established, the LPAC will then designate instructional accommodations or additional special programs the student will require to eventually become proficient at grade level work in English.

The LPAC will also determine whether certain accommodations are necessary for any state-mandated assessments. The STAAR-L may be administered to a LEP student, or for a student up to grade 5, a Spanish version of STAAR. The Texas English Language Proficiency Assessment System (TELPAS) will also be administered to LEP students who qualify for services.

If a student is considered LEP and receives special education services because of a qualifying disability, the student's ARD committee will make these decisions in conjunction with the LPAC.

## **LIBRARY**

Students should take good care of books and materials that are used. They should follow guidelines established by the librarian. Students losing or damaging books must pay for them before additional books may be checked out.

## **MAKE-UP WORK**

Make-up assignments or tests shall be made available to students after any absence. Teachers shall inform their students of the amount of time allotted for completing make-up work after an absence; however, the student shall be responsible for obtaining and completing the make-up assignments in a satisfactory manner within the allotted amount of time. A student who does not make up assigned work within the time allotted by the teacher will receive a grade of zero for the assignment. This is not to be confused with the guidelines for late work. (See LATE WORK.)

## **MEDICAL CARE**

A school nurse is available throughout the day for minor treatment of accidents and illness. Major treatment will be referred to the parent and emergencies will be transported to the hospital and the parent contacted.

## **MEDICINE AT SCHOOL**

District employees will not give a student prescription medication, nonprescription medication, herbal substances, anabolic steroids, or dietary supplements, with the following exceptions:

- Only authorized employees, in accordance with policies at FFAC, may administer:
  - Prescription medication, in the original, properly labeled container, provided by the parent, along with a written request.
  - Prescription medication from a properly labeled unit dosage container filled by a registered nurse or another qualified district employee from the original, properly labeled container.
  - Nonprescription medication, in the original, properly labeled container, provided by the parent along with a written request.
  - Herbal or dietary supplements provided by the parent only if required by the student's individualized education program (IEP) or Section 504 plan for a student with disabilities.
- In certain emergency situations, the district will maintain and administer to a student nonprescription medication, but only:
  - In accordance with the guidelines developed with the district's medical advisor; and
  - When the parent has previously provided written consent to emergency treatment on the district's form.

A student with asthma or severe allergic reaction (anaphylaxis) may be permitted to possess and use prescribed asthma or anaphylaxis medication at school or school-related events only if he or she has written authorization from his or her parent and a physician or other licensed health-care provider.

The student must also demonstrate to his or her physician or health-care provider and to the school nurse the ability to use the prescribed medication, including any device required to administer the medication. The student and parents should discuss this with the school nurse or principal if the student has been prescribed asthma medication for use during the school day.

In accordance with a student's individual health plan for management of diabetes, a student with diabetes will be permitted to possess and use monitoring and treatment supplies and equipment while at school or at a school related activity. See the school nurse or principal for information. [See policy FFAF(LEGAL).]

## **PARENTAL QUESTIONS**

Often parents have questions or concerns about courses their children are taking, particular lessons or activities they are involved in. Usually most concerns can be addressed simply--by a phone call or a conference with the teacher. These meetings should be set up in advance during the teacher's conference period. Most questions are answered in this manner. If the matter cannot be resolved then the parents should go to the principal. If the parents still feel unsatisfied then they should request a conference with the superintendent. If the Superintendents decision is not satisfactory, the student and/or parent may appear before the Board of Trustees. The district has adopted a standard complaint policy at FNG (LOCAL) in the district's policy manual. A copy of this policy may be obtained in the principal's or superintendents or on the district's policy manual web site at <http://www.tasb.org/policy/pol/private/140908/>.

## **PARTIES**

Various parties will be held throughout the year for the different grade levels. The teacher will organize and plan these parties. Parents may be called on to assist.

## **PARTY INVITATIONS**

Students should not distribute party invitations at school for private parties of any kind. (Birthday parties, etc.)

## **PLEDGES OF ALLEGIANCE AND A MINUTE OF SILENCE**

Texas law requires students to recite the Pledge of Allegiance to the United States flag and the Pledge of Allegiance to the Texas flag each day. Parents may submit a written request to the principal to excuse their child from reciting a pledge.

A minute of silence will follow recitation of the pledges. The student may choose to reflect, pray, meditate, or engage in any other silent activity so long as the silent activity does not interfere with or distract others. [See policy EC (LEGAL) for more information.]

## **PRAYER**

Each student has a right to individually, voluntarily, and silently pray or meditate in school in a manner that does not disrupt instructional or other activities of the school. The school will not require, encourage, or coerce a student to engage in or to refrain from such prayer or meditation during any school activity.

## **PROMOTION, RETENTION, AND PLACEMENT**

A student will be promoted only on the basis of academic achievement or demonstrated proficiency in the subject matter of the course or grade level. Students in kindergarten shall not be retained without parental consent. In grades 1-7, promotion to the next grade level shall be based on an overall average of 70 on a scale of 100 based upon course-level, grade-level standards (essential knowledge and skills) for all subject areas and a grade of 70 or above in three of the following areas: language arts, mathematics, science, and social studies. If a student's grade average in any subject or course is "borderline" or below 70 at the end of the first three weeks of any grading period, the student's parents will be notified.

In addition, students at certain grade levels will be required to pass the State of Texas Assessments of Academic Readiness (STAAR) if the student is enrolled in a public Texas school on any day between January 1 and the date of the first administration of the STAAR.

- In order to be promoted to grade 6, students must perform satisfactorily on the Mathematics and Reading sections of the grade 5 assessment test in English or Spanish.

Parents of students in grades 3-8 who do not perform satisfactorily on their exams, will be notified that their child will participate in special instructional programs designed to improve performance. The student may be required to participate in this instruction before or after normal school hours or outside of the normal school year.

A student in grade 5 will also have two additional opportunities to take the test. If the student fails a second time, a grade placement committee, consisting of the principal or designee, the teacher, and the student's parent, will determine the additional special instruction the student will receive. After a third failed attempt, the student will be retained; the parent can appeal this decision, however, to the grade placement committee. Whether the student is retained or promoted, an educational plan for the student will be designed for the next school year to enable the student to perform at grade level by the end of the next school year. [See policies at EIE.]

Certain students—some with disabilities and some with limited English proficiency—may be eligible for exemptions, accommodations, or deferred testing. For more information, see the principal or counselor.

## **PSYCHOTROPIC DRUGS**

A psychotropic drug is a substance used in the diagnosis, treatment, or prevention of a disease or as a component of a medication. It is intended to have an altering effect on perception, emotion, or behavior and is commonly described as a mood-or behavior-altering substance.

Teachers and other district employees may discuss a student's academic progress or behavior with the student's parents or another employee as appropriate; however, they are not permitted to recommend use of psychotropic drugs. A district employee who is a registered nurse, an advanced nurse practitioner, a physician, or a certified or credentialed mental health professional can recommend that a student be evaluated by an appropriate medical practitioner, if appropriate. [For further information, see policies at FFAC.]

## **RELEASE OF STUDENTS FROM SCHOOL**

Because class time is important, doctor's appointments should be scheduled, if possible, at times when the student will not miss instructional time. A student who will need to leave school during the day must bring a note from his or her parent that morning and follow the campus sign-out procedures before leaving campus. Otherwise, a student will not be released from school at times other than at the end of the school day. Unless the principal or superintendent has granted approval because of extenuating circumstances, a student will not regularly be released before the end of the instructional day. A student who becomes ill during the school day should, with the teacher's permission, report to the school nurse. The nurse will decide whether or not the student should be sent home and will notify the student's parent.

## **REPORT CARDS**

Teachers follow grading guidelines approved by school administration that have been designed to reflect each student's academic achievement for the grading period, semester, or course. State law provides that a test or course grade issued by a teacher cannot be changed unless the Board determines that the grade was arbitrary or contains an error, or the teacher did not follow the District's grading policy. [See policy EIA.]

Questions about grade calculation should first be discussed with the teacher; if the question is not resolved, the student or parent may request a conference with the principal in accordance with FNG (LOCAL).

Report cards will be handed out to kindergarten on Wednesday following the end of each six weeks. Report cards for grades 1-7 will be mailed to parents. Progress reports are mailed out at the end of the third week of each six weeks in grades 1-7. Progress reports are sent out on all students who are failing at the end of each third week. If your child receives a grade lower than 70 in any class or subject during a grading period, you will be requested to schedule a conference with the teacher of that class or subject.

Teachers follow grading guidelines that have been approved by the principal and superintendent pursuant to the board-adopted policy and are designed to reflect each student's relative mastery of each assignment for the grading period, semester, or course. State law provides that a test or course grade issued by a teacher cannot be changed unless the board determines that the grade was arbitrary or contains an error, or that the teacher did not follow the district's grading policy. [See policy EIA(LOCAL)]

## **SAFETY**

Student safety on campus and at school-related events is a high priority of the District. Although the District has implemented safety procedures, the cooperation of students is essential to ensure school safety. A student should:

- \* Avoid conduct that is likely to put the student or others at risk.
- \* Follow the behavioral standards in this handbook and the Student Code of Conduct, as well as any additional rules for behavior and safety set by the principal, teachers, or bus drivers.
- \* Remain alert to and promptly report to a teacher or the principal safety hazards, such as intruders on campus and threats made by any person toward a student or staff member.
- \* Know emergency evacuation routes and signals.
- \* Follow immediately the instructions of teachers, bus drivers, and other District employees who are overseeing the welfare of students.

## **SCHOOL BUSES OR OTHER VEHICLES**

Students are subject to the following standards when they are on school transportation. Any student who violates these standards of conduct while on school transportation may be denied transportation services and will be disciplined.

The following rules will apply to student conduct on school transportation:

- Follow the driver's directions at all times.
- Enter and leave the bus or van in an orderly manner at the designated stop nearest home.
- Keep feet, books, instrument cases, and other objects out of the aisle.
- Not deface the bus, van, or its equipment.
- Not put head, hands, arms, or legs out of the window, hold any object out of the window, or throw objects within or out of the bus or van.
- Be seated while the vehicle is moving.
- Wait for the driver's signal upon leaving the bus or van and before crossing in front of the vehicle.

When a student violates the rules of conduct on school transportation, parents will be notified and the student will be disciplined as established in the Student Code of Conduct.

## **SCHOOL HOURS**

Students are asked not to come to school before 7:45. Breakfast is served at 8:00. The first class begins at 8:20. Grades Pre-K-7 dismiss at 3:50. Busses will leave at 3:55.

## **SCHOOL FACILITIES**

### ***Use by Students Before and After School***

Certain areas of the school will be accessible to students before and after school for specific purposes. Students are required to remain in the area where their activity is scheduled to take place. Unless the teacher or sponsor overseeing the activity gives permission, a student will not be permitted to go to another area of the building or campus. After dismissal of school in the afternoon, and unless involved in an activity under the supervision of a teacher, students must leave campus immediately.

### ***Conduct Before and After School***

Teachers and administrators have full authority over student conduct at before or after school activities on district premises and at school-sponsored events off district premises, such as play rehearsals, club meetings, athletic practices, and special study groups or tutorials. Students are subject to the same rules of conduct that apply during the instructional day and will be subject to consequences established by the Student Code of Conduct or any stricter standards of behavior established by the sponsor for extracurricular participants.

### **SEARCHES**

In the interest of promoting student safety and attempting to ensure that schools are safe and drug free, district officials may from time to time conduct searches. Such searches are conducted without a warrant and as permitted by law.

### ***Students' Desks and Lockers***

Students' desks and lockers are school property and remain under the control and jurisdictions of the school even when assigned to an individual student. Students are fully responsible for the security and contents of their assigned desks and lockers. Searches of desks or lockers may be conducted at any time there is reasonable cause to believe that they contain articles or materials prohibited by policy, whether or not a student is present. The parent will be notified if any prohibited items are found in the student's desk or locker.

## **Objectives**

1. To educate children and adults as to the serious physical, mental, and emotional harm caused by the use of drugs.
2. To provide a deterrent to the use of illegal drugs by students of Sudan ISD.
3. To give students a valid reason to resist peer pressure to use drugs.
4. To maintain a school environment free of drug use and its effect.

## **Introduction**

It is the intent and desire of the Sudan Independent School District to promote a drug and alcohol free student body. Members of the Sudan Board of Trustees, District Wide Decision Making Committee, community, parents, and staff, joined forces in the fall of 2003, to address a drug use and abuse problem that had become evident in the preceding months. Evidence that there was a problem with experimentation and use of drugs and alcohol came by way of discussions with students and parents, an increasing number of discipline referrals, and observations of changing behavior patterns in students.

The determination was reached that the school and community must come together and give our kids a reason to say “no” to the use and abuse of drugs. The site-based committee composed of school staff, community members, parents of students, and administrators met in October, 2003. The group came to the consensus that we need to focus in on the following:

- \*\*A rehabilitative plan
- \*\*Increased education for children, parents, and community
- \*\*Use of drug dogs in the school
- \*\*Drug testing

The committee meeting was held to review and revise the plan. The revised plan will be brought to the community in a community-wide meeting. The proposed plan to test all students in extracurricular activities, grades 7-12, with all results reported to the school was presented to the board of trustees of the Sudan ISD at the November 2003 board meeting for their approval. The board of trustees adopted the plan during the December 2003 board meeting with implementation occurring in January 2004. School Administration will continually monitor the testing program and report to the Board of Trustees with recommendations for upcoming years.

## **PROHIBITED BEHAVIOR**

### **Illegal Drugs**

The use, sale, or offer to sell, purchase, transfer, manufacture, or possession in any detectable manner of an illegal drug or alcohol, by any student, on or off school property, is strictly prohibited.

### **Drug Paraphernalia**

The sale, offer to sell, purchase, transfer, manufacture, or possession of drug paraphernalia by any student, on or off school property, is strictly prohibited.

## **EDUCATION**

Education of students, staff, parents, and the community is an ongoing process. In an effort to increase the

effectiveness of the education of the above mentioned groups, we look to use the following means of education:

- \*\*Teacher/Staff Training
- \*\*Texas Prevention Curriculum Guide: Drug and Violence Education
- \*\*Character Education-New Focus and Governor's Character Curriculum
- \*\*Mentoring
- \*\*Counseling-Both Individual and Group
- \*\*Parent Education
- \*\*Community Coordination Activities
- \*\*Community Service Projects
- \*\*Special One Time Events, Assemblies, and Red Ribbon Week
- \*\*Surveys
- \*\*Conflict Resolution Training for Students and Staff
- \*\*Crisis Plan Education

### **USE OF TRAINED DOGS**

The district has the authority to use specially trained non-aggressive dogs to sniff out and alert officials to the current presence of concealed prohibited items, illicit substances, and alcohol. The objective of this program is to maintain a safe school environment conducive to education. Such visits to school shall be unannounced and will be carried out according to board policy FNF (LEGAL) and FNF (LOCAL).

#### **Students will be notified that:**

1. Lockers may be sniffed by trained dogs at any time.
2. Vehicles parked at school may be sniffed by trained dogs at any time.
3. Classrooms and other common areas may be sniffed by trained dogs at any time when students are not present.
4. If a dog alerts to a locker, a vehicle, or an item in a classroom, it may be searched by school officials, and parents will be notified.
5. If contraband of any kind is found the processing student shall be subject to appropriate disciplinary action in accordance with the Student Code of Conduct and student handbook.

### **DRUG TESTING**

#### **Participants**

The Board encourages students to participate in school-sponsored extracurricular activities but believes the opportunity to participate is a privilege offered to eligible students on an equal opportunity basis. The use of alcohol or other drugs by students participating in extracurricular activities presents a hazard to the health, safety, and welfare of the student participant. The Board believes testing student participants in school-sponsored extracurricular activities serves the important purpose of detecting and preventing illegal drug and alcohol use among students.

“School-sponsored extracurricular activity” means, without limitation, all interscholastic athletics, cheerleading, academic clubs, special interest clubs, musical performances, dramatic productions, student government, fine arts organizations, industrial technology and agricultural organizations, and any other activity or group that participates in contests, competitions, or community service projects on behalf of or

as a representative of the District.

Students, grades 7-12, who attend Sudan ISD and participate in extracurricular activities, drive to school, or are enrolled in driver training, and all other students who volunteer will be tested.

### **Contract**

All students who will participate in extracurricular activities, driver education, or drive to school, and their parents/guardian will be required to sign a consent form agreeing to be a part of the drug testing program for Sudan ISD. The form will only have to be signed once and will be valid for the entire time the student is enrolled at Sudan ISD. Students will be tested at the beginning of the year. Students will also be subjected to random testing dates throughout the year. Students entering the district after the first day will be given the test at a random testing date. Parental consent for a student to submit to biological testing is required as a condition, grades 7 through 12, to be able to participate in extracurricular activities, to enroll in driver's education, or to drive a vehicle to school. Refusal by a student or his/her parent/guardian, to submit to biological testing, will result in a forfeiture of rights to participate in the above named activities. Voluntary participation by students not included in the above named activities is encouraged.

### **Drug Testing Procedures**

Testing will be conducted by licensed professionals, and lab work will be done at a government certified lab. Testing methods may include but not be limited to collections of urine, saliva, or hair samples. Collection of a urine sample is a two-step process. If the initial screening test is positive, it will be confirmed by a second test on the same specimen. A sample shall not be reported as positive unless both tests are positive.

Students and/or parents/guardians will have the opportunity to provide information concerning prescription medication being taken by the student. Parents can also request to be in attendance during testing.

### **Appeal Process**

Parents/guardians of any student testing positive using a urine sample will have an opportunity to request a second test, using the second specimen bottle originally obtained, within seventy-two hours of the initial test. Parents may choose the certified lab to be used for the second test. If the results of the retest are negative, the school district will reimburse the student for the cost of the retest, and the student will remain in good standing. If the retest results are positive, the parents/guardians are responsible for the cost of the retest, and the student will be subject to consequences as per this policy, the student code of conduct, and the student handbook.

### **Confidentiality**

All information relating to biological testing or the identification of persons as users of illegal drugs will be protected by Sudan ISD as confidential, unless otherwise required by law, overriding public health and safety concerns, or authorized in writing by the person (parent or guardian) in question. Results of tests will be known only to the parents/guardians of the student in question and to the administrator(s) involved. No action will be taken until the appeal process has been completed. Activity sponsors and coaches will be notified of suspension from activities, after the appeal process is completed.

### **Consequences**

Consequences are cumulative in grades 7-9. Once the student has completed the ninth grade, the consequences are cumulative in grades 10-12. All students coming in new to the district will begin with a

clean record.

Refer to the student handbooks and Student Code of Conduct for consequences concerning confirmed use and/or admittance of alcohol use, by students on campus or at school-related functions. Consequences for a positive drug test (mandatory, random, or reasonable suspicion) and for confirmed use or admittance of drug use of possession, away from school, are as follows:

### **Additional Testing**

Any student testing positive will be removed from the random testing pool and will be required to be tested at the time of each random testing, for a minimum period of one calendar year from the date of the first offense.

### **Implementation of Plan**

Implementation of the plan will take place in the second semester of the 2003-2004 school year. Participating students, grades 7-12, will have a one time, thirty-day grace period after being notified by mail of the program, prior to mandatory testing being performed. In addition, any student, during the thirty-day grace period, will be allowed to ask for assistance with a substance abuse problem. Any student asking for assistance after the thirty-day grace period will be considered as a first positive test. The voluntary admittance of a substance abuse problem by a student during the first thirty days will result in the individual having the following consequences:

- \*\*Mandatory substance abuse counseling as approved by the Sudan ISD.
- \*\*Mandatory test at the end of thirty days with mandated monthly testing for one calendar year.
- \*\*No suspension from activities unless a subsequent positive test occurs.
- \*\*Will not be considered a first time positive test

### **Definitions**

**Activities**--Clubs and organizations, band, athletic programs, cheerleading, literary activities, one act play, including all performances, contests, demonstrations, and other events of these above-mentioned activities.

**Biological Testing**--for this plan, the scientific analysis of a specimen (with the exception of reasonable suspicion tests for alcohol, which may be conducted by a urinalysis, breathalyzer, or saliva test) for the purpose of detecting an illegal drug or alcohol.

**Drug Paraphernalia**--any equipment, product, or material that is used, or is intended to be used, to conceal, inject, inhale, or otherwise introduce into the human body, an illegal drug.

**Good Standing**--Having met requirements in order to be able to pursue all educational and extracurricular activities as are available, with no restrictions or consequences.

**Illegal Drug**--any drug which is not legally obtainable; any drug which is legally obtainable, but has not been legally obtained; any prescribed drug not being used for the prescribed purpose; any over-the-counter drug being used at a dosage level different than recommended by the manufacturer, being used for a purpose other than intended by the manufacturer; and any drug being used for a purpose not in accordance with bona fide medical therapy. Examples of illegal drugs include, but are not limited to: cannabis

substances such as marijuana and hashish, cocaine, heroin, phencyclidine, PCP, and so-called designer drugs, and look-alike drugs.

**Possession**--the presence of any detectable amount of an illegal substance, whether on the person, their personal or assigned property, or in their body system.

**Premises of Sudan ISD**--all property of the school district, including, but not limited to, the facilities and surrounding areas on district-owned or leased property, parking lots, and storage areas. The term also includes school district owned, leased, or used vehicles and equipment, wherever located. According to state law, Sudan ISD extends within 300 feet of school property.

**Random Drug Testing**--a testing process in which selection for testing is made by a method employing objective, neutral criteria, which ensures that every person subject to testing has a substantially equal statistical chance of being selected. This method does not permit subjective factors to play a role in selection.

**Reasonable Suspicion**--based on specific personal observation concerning the appearance, speech, or behavior of the student that indicates the effects of drug or alcohol use. Information provided by a reliable source, if based on personal knowledge, may also constitute reasonable suspicion.

**Under the Influence**--a condition in which a person is affected by a drug or alcohol in any detectable manner.

### ***Electronic Devices/Laptops***

Use of district-owned equipment and its network systems is not private and will be monitored by the district. [See policy CQ for more information.]

Any searches of personal telecommunications or other personal electronic devices will be conducted in accordance with law, and the device may be confiscated in order to perform a lawful search. A confiscated device may be turned over to law enforcement to determine whether a crime has been committed. [See policy FNF(LEGAL) for more information.]

## **SPECIAL PROGRAMS**

The District provides special programs for gifted and talented students, students with limited English proficiency, dyslexic students, and students with disabilities. A student or parent with questions about these programs should contact the principal or the coordinator of each program. Tutoring will be available for students who are at-risk and have academic problems.

Periodically, the progress of these students will be reviewed to see if they have specialized needs.

Nominations and screening for the Gifted/Talented Program will take place at least once a year for elementary grades. Students will be assessed using a minimum of 3 appropriate criteria that includes both qualitative and quantitative measures. Students that qualify for the program will have learning opportunities that are commensurate with the abilities of gifted/talented students, and that emphasize content in the four core academic areas. Teachers and administrators working in the program will meet the required hours of professional development.

### ***Options and Requirements for Providing Assistance to Students Who Have Learning Difficulties or Who Need or May Need Special Education***

If a child is experiencing learning difficulties, the parent may contact the person listed below to learn about the District's overall general education referral or screening system for support services. This system links students to a variety of support options, including referral for a special education evaluation. Students having difficulty in the regular classroom should be considered for tutorial, compensatory, and other support services that are available to all students. At any time, a parent is entitled to request an evaluation for special education services. Within a reasonable amount of time, the District must decide if the evaluation is needed. If evaluation is needed, the parent will be notified and asked to provide consent for the evaluation. The District must complete the evaluation and the report within 60 calendar days of the date the District receives the written consent. The District must give a copy of the report to the parent. If the District determines that the evaluation is not needed, the District will provide the parent with prior written notice that explains why the child will not be evaluated. This written notice will include a statement that informs the parents of their rights if they disagree with the District. Additionally, the district is required to give the ***Notice of Procedural Safeguards—Rights of Parents of Students with Disabilities***. Additional information regarding the Individuals with Disabilities Education Act (IDEA) is available from the school district in a companion document, *A Guide to the Admission, Review, and Dismissal Process*. The following Web sites provide information to those who are seeking information and resources specific to students with disabilities and their families:

- Texas Project First, at <http://www.texasprojectfirst.org/>

- Partners Resource Network, at <http://www.partnerstx.org/howPRNhelps.html>

The designated person to contact regarding options for a child experiencing learning difficulties or a referral for evaluation for special education is DeAnn Wilson at 227-2431

## **STANDARDIZED TESTING**

STAAR (State of Texas Assessments of Academic Readiness)  
Grades 3-8

In addition to routine tests and other measures of achievement, students at certain grade levels will take state-mandated assessments, such as the STAAR, in the following subjects:

- Mathematics, annually in grades 3-8
- Reading, annually in grades 3-8
- Writing, including spelling and grammar, in grades 4 and 7
- Science in grades 5 and 8
- Social Studies in grade 8

Successful performance on the reading and math assessments in grades 5 and 8 is required by law in order for the student to be promoted to the next grade level.

STAAR Modified and STAAR Alternate, for students receiving special education services will be available for eligible students as determined by the student's ARD committee.

STAAR-L is a linguistically accommodated assessment that is available for certain limited English proficient (LEP) students, as determined by the student's Language Proficiency Assessment Committee (LPAC). A Spanish version of STAAR is also available to students through grade 5 who need this accommodation.

The 2011-2012 school year was the first year of implementation of the STAAR testing program. For students who took the STAAR assessments required for grades 3-8 in spring 2012, parents will be informed of their

child's performance once the results of these assessments are received by the district. These results are expected in January 2013.

## **STERIODS**

State law prohibits students from possessing, dispensing, delivering, or administering an anabolic steroid. Anabolic steroids are for medical use only, and only a physician can prescribe use.

Bodybuilding, muscle enhancement, or the increase of muscle bulk or strength through the use of an anabolic steroid or human growth hormone by a healthy student is not a valid medical use and is a criminal offense.

Students participating in UIL athletic competition may be subject to random steroid testing. More information on the UIL testing program may be found on the UIL Web site at [http://www.uil.utexas.edu/athletics/health/steroid\\_information.html](http://www.uil.utexas.edu/athletics/health/steroid_information.html).

## **STUDENT INSURANCE**

School student insurance is provided for each student. This is a supplemental insurance policy and coverage will apply only while the student is at school or on school sponsored activities. A more comprehensive insurance plan is available for purchase if parents are interested. A plan is sent home with each student shortly after school starts.

## **STUDENT RECORDS**

Both federal and state laws safeguard student records from unauthorized inspection or use and provide parents and eligible students certain rights. For purposes of student records, an "eligible" student is one who is 18 or older OR who is attending an institution of postsecondary education. Virtually all information pertaining to student performance, including grades, test results, and disciplinary records, is considered confidential educational records. Release is restricted to:

- The parents—whether married, separated, or divorced—unless parental rights have been legally terminated and if the school is given a copy of the court order terminating these rights. Federal law requires that, as soon as a student becomes 18 or is emancipated by a court, control of the records go to the student. The parents may continue to have access to the records, however, if the student is a dependent for tax purposes and under limited circumstances when there is a threat to the health and safety of the student or other individuals.
- District staff members who have what federal law defines as a “legitimate educational interest” in a student’s records. Such persons would include school officials such as the superintendent, administrators, principals, teachers, counselors, diagnosticians, and support staff. Others such as an attorney, consultant, auditor, medical consultant, or therapist would also apply. “Legitimate educational interest” in a student’s records includes working with the student; considering disciplinary or academic actions, the student’s case or an individualized education program (IEP) for a student with disabilities; compiling statistical data; reviewing an educational record to fulfill the official’s professional responsibility or investigating or evaluating programs.
- Various governmental agencies including juvenile service providers.
- Individuals granted access in response to a subpoena or court order.
- A school to which a student transfers or in which he or she subsequently enrolls.

Release to any other person or agency—such as a prospective employer or for a scholarship application—will occur only with parental or student permission as appropriate.

The principal is custodian of all records for currently enrolled students at the assigned school. The principal or superintendent is the custodian of all records for students who have withdrawn or graduated. A parent or eligible student may inspect records during regular school hours. If circumstances prevent inspection during these hours, the district will either provide a copy of the records requested or make other arrangements for the parent or student to review these records. The records custodian or designee will respond to reasonable requests for explanation and interpretation of the records.

A parent (or eligible student) may inspect the student's records and request a correction if the records are considered inaccurate or otherwise in violation of the student's privacy rights. The request must be submitted to the principal and must clearly identify the part of the record that should be correct along with an explanation of how the information in the record is inaccurate. If the district refuses the request to amend the records, the requestor has the right to request a hearing. If the records are not amended as a result of the hearing, the requestor has 30 school days to exercise the right to place a statement commenting on the information in the student's record. Although improperly recorded grades may be challenged, contesting a student's grade in a course is handled through the general complaint process found in policy FNG (LOCAL). A grade issued by a classroom teacher can be changed only if, as determined by the board of trustees, the grade is arbitrary, erroneous, or inconsistent with the district's grading policy. [See FINALITY OF GRADES at FNG(LEGAL)].

The district's policy regarding student records found at FL(LEGAL) and (LOCAL) is available from the principal's or superintendent's office [or on the district's Web site at [www.sudanisd.net](http://www.sudanisd.net)].

The parent's or eligible student's right of access to and copies of student records do not extend to all records. Materials that are not considered educational records—such as a teacher's personal notes about a student that are shared only with a substitute teacher do not have to be made available to the parents or student. If the district's policies are available on the Internet through *Policy On Line*

Please note:

Parents or eligible students have the right to file a complaint with the U.S. Department of Education if they believe the district is not in compliance with federal law regarding student records. The complaint may be mailed to:

Family Policy Compliance Office  
U.S. Department of Education  
400 Maryland Avenue, SW  
Washington, DC 20202-5901

## **STUDENTS IN PROTECTIVE CUSTODY OF THE STATE**

The district strives to assist any student who has been placed in either temporary or permanent conservatorship (custody) of the state of Texas with the enrollment and registration process, as well as other educational services throughout the student's enrollment in the district.

Please contact Kayela Harrell, who has been designated as the district's liaison for children in the conservatorship of the state, at 806-227-2431 with any questions.

## **SUICIDE AWARENESS**

The district is committed to partnering with parents to support the healthy mental, emotional, and behavioral development of its students. If you are concerned about your child, please access the following Web sites or contact the school counselor for more information related to suicide prevention and to find mental health services available in your area:

- <http://www.texasuicideprevention.org/>
- <http://www.dshs.state.tx.us/mhservices-search/>

## **TESTING**

In addition to routine testing and other measures of achievement, students at certain grade levels will take state assessment tests (STAAR/STAAR M/STAAR Alt.)

- \* Reading and Mathematics: Each year in grades 3 through 7
- \* Writing: Grades 4 and 7
- \* Science: Grade 5
- \* Any other subject and grade required by state law  
[See policy EKB(LEGAL).]

STAAR, STAAR-Modified, and STAAR-Alternate for students receiving special education services are administered to eligible students.

Linguistically accommodated testing (LAT), as well as the Texas English Language Proficiency Assessment System (TELPAS) for students identified as limited English proficient, are also administered to eligible students.

## **TEXTBOOKS**

Textbooks and workbooks are furnished for student use. Students should keep their books covered and take good care of them. The student must pay for books lost or damaged.

## **TORNADO DRILLS**

The storm shelter is located in the high school. March in an orderly manner to the place designated by the teacher. Maps are posted in each room showing the room to go to in the building. Lock Down procedures are also posted in each classroom.

### Tornado Drill Bells

1 continuous bell	move quietly but quickly to the designated locations
2 bells	return to the classroom

## **U.I.L. CONTESTS**

Various contests are held each year in the U.I.L. Literary Meet. Students are encouraged to take part in these events.

## **VANDALISM**

The taxpayers of the community have made a sustained financial commitment for the construction and upkeep of school facilities. To ensure that school facilities can serve those for whom they are intended, littering, defacing, or damaging school property is not tolerated. Students will be required to pay for damages they cause and will be subject to criminal proceedings as well as disciplinary consequences in accordance with the Student Code of Conduct.

## **VIDEO CAMERAS**

For safety purposes, video equipment may be used to monitor student behavior in common areas on campus. Students will not be told when the equipment is being used. The principal will review the video recordings routinely and document student misconduct. Discipline will be in accordance with the Student Code of Conduct.

## **VISITORS TO THE SCHOOL**

### *General Visitors*

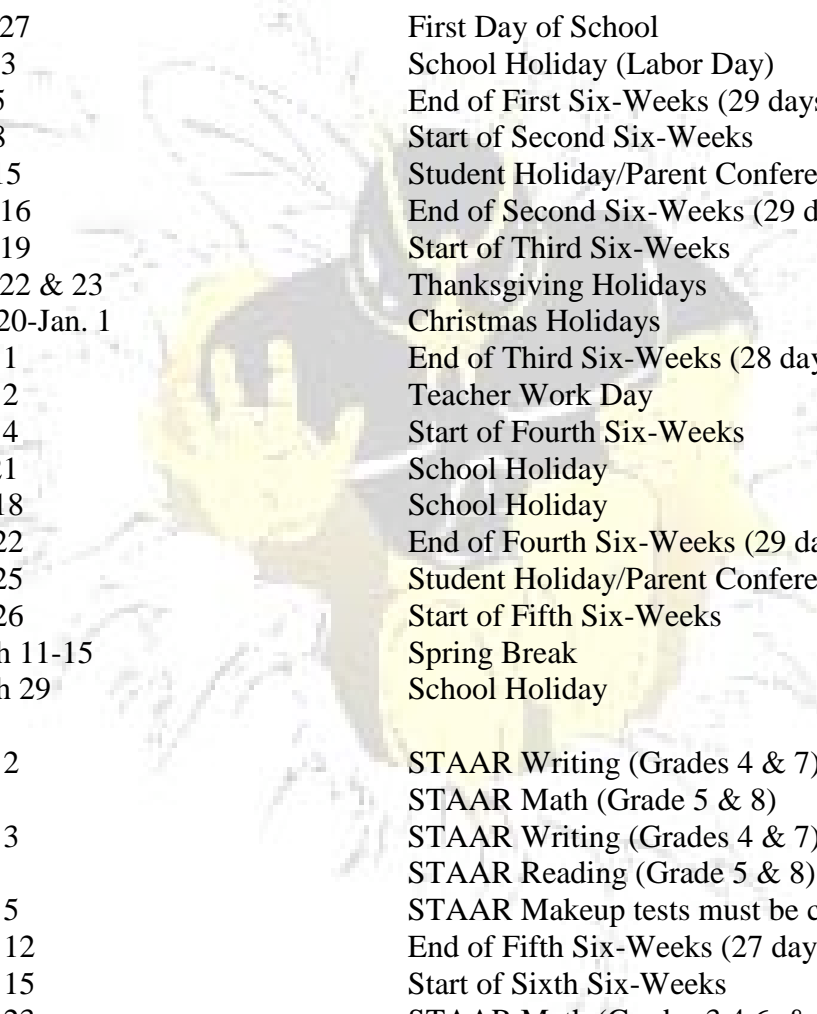

Parents and others are welcome to visit district schools. For the safety of those within the school and to avoid disruption of instructional time, all visitors must first report to the principal's office and must comply with all applicable district policies and procedures. Visits to individual classrooms during instructional time are permitted only with approval of the principal and teacher and only so long as their duration or frequency does not interfere with the delivery of instruction or disrupt the normal school environment.

All visitors are expected to demonstrate the highest standards of courtesy and conduct; disruptive behavior will not be permitted.

## **WITHDRAWALS**

A parent wishing to withdraw their student may obtain a withdrawal form from the secretary's office. On the student's last day, the withdrawal form must be presented to each teacher for current grade averages and book and equipment clearance; to the librarian to ensure a clear library record; to the nurse for health records; to the counselor for the last report card and course clearance; and finally, to the principal. A copy of the withdrawal form will be given to the parent, and a copy will be placed in the student's permanent record.

## 2012-2013 SCHOOL CALENDAR

Aug. 27	First Day of School
Sept. 3	School Holiday (Labor Day)
Oct. 5	End of First Six-Weeks (29 days)
Oct. 8	Start of Second Six-Weeks
Oct. 15	Student Holiday/Parent Conferences
Nov. 16	End of Second Six-Weeks (29 days)
Nov. 19	Start of Third Six-Weeks
Nov. 22 & 23	Thanksgiving Holidays
Dec. 20-Jan. 1	Christmas Holidays
Jan. 11	End of Third Six-Weeks (28 days)
Jan. 12	Teacher Work Day
Jan. 14	Start of Fourth Six-Weeks
Jan. 21	School Holiday
Feb. 18	School Holiday
Feb. 22	End of Fourth Six-Weeks (29 days)
Feb. 25	Student Holiday/Parent Conferences
Feb. 26	Start of Fifth Six-Weeks

June 25	STAAR Math (Grades 5 & 8) Retest
June 26	STAAR Reading (Grades 5 & 8) Retest

## Receipt of Handbook

My child and I have received a copy of the Sudan Elementary Student Handbook for 2012-2013. I understand that the handbook contains information that my child and I may need during the school year and that all students will be held accountable for their behavior and will be subject to the disciplinary consequences outlined in the Student Code of Conduct. If I have any questions regarding this handbook, I should direct those questions to the principal at 806-227-2431 x123.

**Note:** *“Please sign and date this page, remove it from the handbook, and return it to the student’s school.”*

## **Request for Discipline Methods Including Corporal Punishment**

**2012-2013**

**Please check and sign if you do or do not wish for corporal punishment, or swats, to be issued to your child/children when needed or appropriate, which is determined only by the Principal.**

**I understand my wishes can be revoked at any time during the school year by submitting a written, signed statement to the principal.**

- I **do** wish for corporal punishment to be a discipline method used on my child.
- I do **not** wish for corporal punishment to be a discipline method used on my child. I request that other discipline measures be used.

## **Release of “Directory Information” 2012-2013**

**Note: This page does not need to be completed and returned unless you wish to limit the release of directory information.**

Regarding student records, federal law requires that directory information on my child be released by the District to anyone who follows the procedures for requesting it unless I object in writing to the release of any or all of this information. This objection must be filed within ten school days of the time this handbook was given to my child. Directory information ordinarily includes the student’s name, address, telephone number, date and place of birth, enrollment status, grade level, participation in officially recognized activities and sports, weight and height of members of athletic teams, photographs, dates of attendance, awards received in school, and most recent previous school attended. In exercising my right to limit release of this information, I have marked through the items of directory information listed above that I wish the District to withhold about my child.

## Title I School-Parent Compact

The purpose of the school-parent compact is to communicate understanding of home and school responsibilities to assure that every child attains high standards and quality education.

### **The Students Responsibility:**

- I will treat others with respect because I want to be respected too.
- I will show politeness to adults and peers.
- I will be responsible by accepting nothing less than my best.

### **The Parent's Responsibility:**

- As an involved parent, I will support my child/children by ensuring that they attend school daily and arrive on time.
- When I volunteer and participate in school functions, I am communicating the importance of my child's education.
- I will seek information regarding my child's progress by conferencing with teachers, principals and other school personnel.
- I will help my children establish a routine for school days.
- I will expect my children to conduct themselves in a manner that is appropriate to their age level and will discipline my child in a nurturing, supporting environment.
- I will communicate the importance of education by setting high expectations for my children.

### **The School's Responsibility:**

- The school will offer parent meetings, training sessions, assemblies, and school functions to maximize parent participation.

- Teachers will respect students' time. Homework assignments will be an extension of what is learned in the classroom and not merely "busy work" or untaught concepts.
- The school will notify parents of school events in a timely, efficient manner.
- Teachers will communicate individual student accomplishments and any areas of concern to parents.
- The school will convey instructional thrusts and initiatives to parents at school-wide meetings and parent conferences.
- Instruction will focus on the development of academic skills, citizenship, communicating with peers and adults, working cooperatively and life skills.

## **Sudan Independent School District Parental Consent for Biological Testing**

(For all students, grades 7-12, who are involved in extracurricular activities, drive to school, enrolled in driver's education, or any student volunteering services)

I, \_\_\_\_\_, as a parent or guardian of  
\_\_\_\_\_, a student enrolled in Sudan Jr. /Sr. High School  
hereby agree to the following for the duration of his/her enrollment at Sudan ISD:

I understand the school district's policy regarding substance abuse. I understand it is the practice of the district to conduct drug and alcohol tests for the purpose of carrying out this policy.

I understand that my child cannot be compelled to give a biological specimen. I understand that if he/she gives a biological specimen, it will be tested for drugs and/or alcohol. I understand that the giving of a biological specimen, when requested by the school district, is a condition of my child's being in good standing, and is a condition of my child's continued participation in Jr. /Sr. High School extracurricular activities. I understand that if a test of my child's specimen reveals an unexplained presence of a drug and/or alcohol, the district will implement the steps associated with the drug testing policy, student handbook, and student code of conduct.

Prescription drugs currently taken as prescribed:

Comments:

At this time, I hereby agree to my child giving a specimen.

## Use of Student Work in District Publications

2012-2013

Occasionally, Sudan ISD wishes to display or publish student artwork, photos taken by the student, or other original work on the district’s Web site, a Web site affiliated or sponsored by the district, such as a campus or classroom Web site, and in district publications. The district agrees to only use these student projects in this manner.

I **do** give the district permission to use my child’s artwork, photos, or other original work in the manner described above.

I do **not** give the district permission to use my child’s artwork, photos, or other original work in the manner described above.
